Vast Crowd Cheers Him At Airport

Junta Leaders Meet
New Premier, Seeks
To Restore Unity

By RELMAN MORIN

ALGIERS (AP)—Premier de Gaulle landed in Algeria today for a fateful meeting with the French insurgents who seized control of the vast North African territory.

A tumultuous hero's welcome awaited the World War II leader brought back to power by the insurgency of French colonists and military chief in Algeria.

Waiting beside the runway were Gen. Raoul Salan, the top insurgent commander; and all the other leading military men and civilians of the Public Safety Committee now ruling Algeria.

Wears His Uniform

Dressed in his general's uniform, the usually grim de Gaulle beamed as he stepped from the 500-mile-an-hour jetliner.

Tremendous cheers went up from the huge crowd, which broke through police lines at several points. However, the crowds were quickly pushed back.

The airport ceremonies lasted less than 15 minutes. Then de Gaulle and Salan entered a car and sped into the city.

The general carried with him France's hopes that he can reunite the rebellious French in Algeria with the motherland and also that he can make a start toward settling the costly, bloody Moslem war for independence.

Underneath the hero's welcome was a wide band of uncertainty about the new Premier's program for ending the rebellion carried on for nearly four years by Moslem nationalists.

These questions are paramount: Will he try to settle the problem by more liberal policies toward the Moslems?

If he proposes "integration"—of French and Moslems—politically, socially and economically—how far will he go?

How can he reconcile the aspirations of nearly nine million Moslems with the deep-rooted interests and emotions of 1½ million Frenchmen, who from the first have insisted Algeria is French?

In short, the word "integration" bristles with almost as many problems here and with some of the same emotional overtones as it does in the Southern parts of the United States.

No one in Algiers apparently knows the answers to these questions.

As far as you can determine, not one of the officials in the military-civilian revolutionary regime

Romantic Notes Show Thoughts Of Altar-Bound

SCHENECTADY, N. Y. (AP)—"I love you, Minnie!" reads the record in City Hall.

It's not an official record. It's a revealing green blotter on a table where prospective couples fill out marriage license applications.

The blotter is full of the romantic scribbles, but one corner carries the plea, "Help mother." Another, "What'd you say your name was?"

Maude Nugent Dies

NEW YORK (AP)—Maude Nugent, 85, vaudeville performer and song writer whose main claim to fame was the song "Sweet Rosie O'Grady," died Tuesday. She was the widow of song publisher William Jerome.

Washington Woman Guilty In Bizarre Murder Scheme

WASHINGTON (AP)—A 43-year-old woman was found guilty in Municipal Court yesterday of attempting to hire a hillbilly band to murder the wife of a man she said she loved.

Marie Bleff was accused of trying to hire a four-man band known as the Pine Grove Mountain Boys to beat up and murder Mrs. Joseph Cumberland, 45.

The musicians testified they wanted them to disguise themselves with goggles, mustaches, baseball caps and T-shirts and attack Mrs. Cumberland as she stepped from a bus last Thursday night.

They said Miss Bleff suggested the bats could be used to "hurt her back, fracture her skull and break her nose."

Band member Melvin French, 19, of Sunnybrook, Md. told Judge John Lewis Smith Jr. Miss Bleff first approached him with a proposition that he help beat up someone.

French said he went home and told his mother of the proposition and she told James L. Wines, 33, a part-time policeman who is leader of the Pine Grove Mountain Boys.

Wines told District police. After that detectives followed the band when it held meetings with Miss Bleff.

Eisenhower Cites Peace Goal Of U. S.

ANNAPOLIS, Md. (AP)—President Eisenhower today told United States Naval Academy graduates their overriding goal in this nuclear age must be prevention of war and promotion of world peace.

But he said too that a just peace can be won only from a position of strength—and that the armed services "have become, indeed, great shields to guard the peace."

In sounding that note, Eisenhower also plugged for his controversial defense reorganization program without mentioning it specifically. He told the 900 academy graduates—being commissioned as ensigns in the Navy or second lieutenants in the Air Force or Marine Corps—to keep up to date on the principles of effective military management.

Then he added: "Obsolescence in military management and organization can be as dangerous to our nation as obsolescence in weaponry."

In an address prepared for the academy commencement exercises, the President said the target of all military officers in these times must be a just peace and prevention of war because winning that goal has become of transcendent importance.

"For modern war," he said, "is preposterously and mutually annihilative; peace is the imperative of our age."

The President traveled from Washington for this third visit to the Naval Academy since he took office in 1953. This was the first time he has attended graduation ceremonies here.

Israelis Report Jordan Attack

JERUSALEM (AP)—The Israeli army said Jordanian positions fired on an Israeli unit near the frontier dividing Jerusalem today and wounded one Israeli soldier seriously.

An army spokesman said the incident occurred as the biweekly supply convoy for Israeli positions in demilitarized Mt. Scopus was assembling near the Mandelbaum Gate.

Fair, Cooler Weekend Due

BALTIMORE (AP)—Five-day forecast: Fair and warmer Thursday and Friday, fair and cooler Saturday and Sunday and warmer on Monday. Temperatures will average about normal and rainfall will total one-fourth to one-half inch. Highs vary from 75-80 in the extreme west to 80-84 elsewhere.

Auto Worker Pact Session Again Slated

DETROIT (AP)—The United Auto Workers Union, holding an extension agreement with American Motors Corp., set about today to get its contract negotiations back on course with the car industry's big three.

Meetings were scheduled with General Motors Corp. and with Ford Motor Co., and another with Chrysler Corp. was believed in the offing.

American Motors, a smaller manufacturer, ignored the precedent of the big three and agreed with the UAW Tuesday to an indefinite contract extension.

If AMC and the union fail to agree on new terms by the time their present contract expires June 15, their three-year pact will remain in effect for an indefinite period.

The big three employ half a million men compared to AMC's 20,000. No contracts, as such, now exist between the UAW and the big three, although the companies are maintaining wages and certain other essentials of the expired agreements.

The GM contract expired last Thursday and the Ford and Chrysler contracts Sunday.

Ike Uses Helicopter For Trip To Academy

ANNAPOLIS, Md. (AP)—President Eisenhower flew here by helicopter today to deliver the Commencement address at the U. S. Naval Academy.

His copter landed at the academy after a 23-minute flight from the south grounds of the White House.

M'Elroy Hits Defense Bill Report Clause

WEST POINT, N. Y. (AP)—Secretary of Defense M'Elroy said today disputes within the military organization should be settled without running to Congress.

But he contended, in an address prepared for the U.S. Military Academy graduating class, that a congressional plan for defense reorganization would encourage the opposite.

The bill is now awaiting House action. President Eisenhower, like M'Elroy, has criticized a provision which would permit top officials in the military services to act on their own initiative in taking problems to Congress. Eisenhower said it could lead to "legalized insubordination."

M'Elroy assured the cadets that the separate traditions of the military services are "sources of great strength for the nation and therefore the individual services will be preserved as separate organizations."

He cautioned, however, that the continued separation of military organizations "need not and must not offer obstacles to the truly unified operations of our combat forces."

Airliner Crash Victims Looted In Mexico Area

GUADALAJARA, Mexico (AP)—The looted bodies of the 45 victims of Mexico's worst air disaster were being brought to Guadalajara today for identification.

At the rain-swept, mountaintop scene five miles away, investigators sought to learn what caused the Constellation of the Aeronautes de Mexico line to crash into El Picacho Peak Monday night during an electrical storm.

The dead included 13 American and two Canadian passengers—all residents of California—and two American engineers of the crew.

The army was ordered to make a house-by-house search of Tlaximulco village, about four miles from the crash scene, in an effort to recover property looted from the wreckage.

Khrushchev Trade Offer Given Study

Two West Reich Leaders Pay Visit To Ike And Dulles

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States began looking into the possibility of increased trade with the Soviet Union today on the basis of a direct bid from Premier Khrushchev to President Eisenhower.

The issue of Western trade policy toward the Soviet Union seems likely to come up in top-level U.S.-German and U.S.-British policy talks in the next few days.

Reich Leaders Visit

President Theodor Heuss of West Germany and Foreign Minister Heinrich von Brentano began a visit today with Eisenhower and Secretary of State Dulles. British Prime Minister Harold Macmillan will hold two days of conferences here beginning Monday.

The latest Khrushchev letter possibly was timed with those meetings in mind. The State Department announced only that "the subject matter concerns trade relations between Russia and the United States."

But it was learned that Khrushchev put before the President his announced desire to obtain large amounts of equipment for increasing Soviet industrial capacity for the manufacture of synthetic materials and plastics.

Officials said that Khrushchev probably would have no difficulty in buying in this or other Western industrial countries any machinery not barred from trade with the Soviet Union. But the Allies maintain a list of goods denied to Soviet commerce because, in the view of Western governments, they would increase Soviet military strength.

Definition Controversial

The definition of what industrial equipment would contribute to Soviet war potential, however, is a controversial problem among the Western powers. And Khrushchev's letter coupled with a long-time Moscow campaign against the strategic trade control system may very well stir the controversy afresh.

Rise In Jobs To Be Shown

WASHINGTON (AP)—Government officials say unemployment figures for May, due out Friday, are expected to show fewer than five million persons jobless.

April figures marked a less-than-seasonal decline of 78,000 from March. After allowance for seasonal factors, the percentage of the civilian labor force out of work in April rose to 7½ per cent.

The officials said the May figures are not expected to show much change in this ratio. But they said the report will show an increase in employment—attributed chiefly to upswings in farming, construction and other outdoor work.

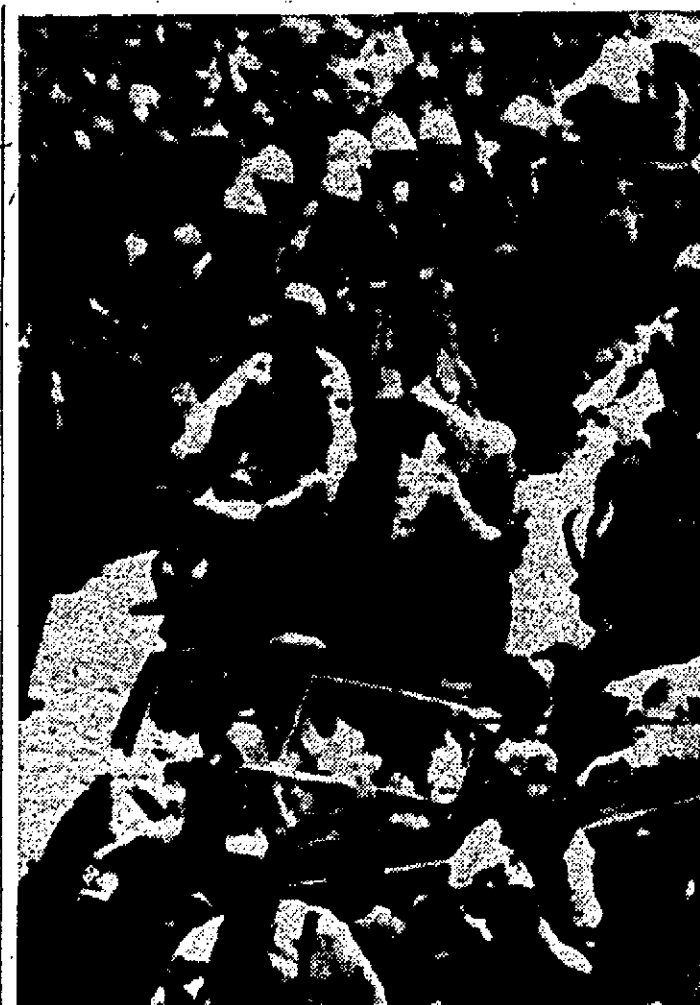

Total employment in April was listed at 62,907,000 or about 1½ million below April 1957.

Missile Group Going To Reich

WASHINGTON (AP)—The Army said today the 40th Field Artillery Missile Group, armed with tactical-range Redstone missiles, will sail about June 20 for Europe.

The outfit of about 600 men goes to West Germany.

The Redstone, capable of using either conventional or nuclear warheads, has an effective range of 200 miles.

Segregation Leader Accused Of Murder

BEAUMONT, Tex. (AP)—Bryant William Bowles, ardent segregation advocate, was held in jail today at Kountze on a murder charge in the May 4 shooting of his brother-in-law, James Earl Harvey, 35.

Bowles is reported founder of the National Assn. for the Advancement of White People. He has been actively opposed to integration of Negro and white pupils in this area. Once earlier last year, he was in the picket line protesting integration at Lamar Tech.

Mrs. Bowles, a sister of Mrs. Harvey, also is charged with murder but is free on \$10,000 bond.

Harvey was shot to death on his front porch five miles north of Beaumont in Hardin County. Witnesses told officers that on the day before the shooting, Harvey and Mrs. Bowles got into an argument and that Mrs. Bowles was slapped.

Police were informed that Mrs. Bowles called her husband, who was in Chicago on business, and that he returned at once.

The witnesses said Harvey and a friend were sitting on Harvey's porch and that Bowles got out of a car with a shotgun. The witnesses said Bowles told Harvey's friend to get out of the way.

Shortly after the friend went inside the house, a shot rang out and Harvey fell mortally wounded. Judge H. A. Coe of the 88th District Court of Kountze in neighboring Hardin County denied an application by Bowles for a writ of habeas corpus, ruling "this is a case where capital punishment could be inflicted."

Bowles' lawyers have given notice of an appeal to the Court of Criminal Appeals in Austin, seeking release of the accused man.

Soviet Premier Again Hits Tito

MOSCOW (AP)—Premier Nikita Khrushchev has accused Yugoslavia of planting a Trojan horse in the Communist camp through President Tito's theories of independent communism.

In his first public criticism of the Yugoslav party's policy, Khrushchev said in Bulgaria Tuesday the only true brand of communism is that of the Soviet Union.

The Soviet party will not put up with "distortions of ideological issues," Khrushchev told the Bulgarian Communist party congress in Sofia.

Atlas Firing Data Checked At Canaveral

CAPE CANAVERAL, Fla. (AP)—The Air Force continued collecting telemetry data today on the successful performance of its latest Atlas intercontinental ballistic missile.

The huge missile, this nation's only intercontinental weapon to reach the test stage, roared into the late afternoon sun Tuesday on what appeared to be a beautiful start.

Analysis of the shoot will help Atlas technicians prepare for the first intercontinental-range flight which is expected within the next two months.

The success of Tuesday's launching came after a series of disappointments which were climaxed last Thursday when a first second because of minor technical difficulties.

It was the first Atlas launching in two months. The rocket seemed to behave perfectly. The test, eighth in the series, reportedly covered a limited range of 600 miles.

Shortly after the friend went inside the house, a shot rang out and Harvey fell mortally wounded. Judge H. A. Coe of the 88th District Court of Kountze in neighboring Hardin County denied an application by Bowles for a writ of habeas corpus, ruling "this is a case where capital punishment could be inflicted."

Bowles' lawyers have given notice of an appeal to the Court of Criminal Appeals in Austin, seeking release of the accused man.

Ticket Seller "Goofs" On Pledge To His Wife

DETROIT (AP)—George Mathews is in charge of season ticket sales for the Detroit Tigers. Mathews recently promised his wife he would get her a good seat at the ball park on their 25th anniversary Tuesday.

Mrs. Mathews didn't go to the game, however. Her husband had forgotten the Tigers were playing at Baltimore.

At issue is an amendment that would add 99 million dollars to a bill appropriating \$38,310,561,000 to run the Defense Department during the 1958-59 fiscal year.

The big money bill, as sent to the House by its Appropriations Committee, provides among other things for an 870,000-man Army June 30, 1959. That is what the administration recommended.

New Fall Fashion Showing Will Decide Fate Of Sacks

NEW YORK (AP)—New York's garment district took on the characteristics of a record day as the stock exchange today as buyers from all sections of the country jammed the showrooms of 7th Avenue, nervously awaiting the unveiling of new fall fashions.

While the great chemise controversy still raged from coast to coast, the dilemma facing the nation's buyers was: Will women heed their husbands' protest against the sack, or will they defy them and buy the new clothes anyway?

First news from the embattled fashion front is that manufacturers have provided a few alternatives to the sack for fall. The first dress and suit collections to open continue the "relaxed look" which camouflages the waistline, but offer a choice of several silhouettes. The most important appears to be the high-waisted Empire look, with the belt just below the bustline, the skirt falling loose and free. The next is the bloused silhouette, with belt or band somewhere around the hips.

Indications on the first day of the openings is that the woman of fashion may wear her belt almost anywhere next fall except at the normal waistline.

Brown Gets Heavy Vote In Primary

Patterson Winner In Alabama Fight For Governor Post

By The Associated Press

A strong shift toward the Democrats in the California primary gave Edmund G. (Pat) Brown a growing popular vote margin today over Sen. William F. Knowland in their contests for gubernatorial nominations.

Each easily won his party's nomination. Because each crossed the opposition ticket, the election provided a test of general support that markedly favored Brown, the Democratic attorney general.

The Senate Republican leader's home county, Alameda, even gave Brown a substantial popular vote margin. The 53-year-old Brown's two-party vote total throughout the state was unprecedented in a gubernatorial race.

Almost Half Counted

Returns from almost half of California's 26,363 precincts showed Brown's total vote from both Republicans and Democrats was 774,023; Knowland's was 496,689.

Democrats outnumbered Republicans 7-5 in California registrations.

Although each won in his own primary, the results bore out Democratic claims that Brown would have a decided edge in the over-all vote. But Knowland, who is giving up his role of Senate Republican leader to seek the governorship, called it "just the opening skirmish."

On other primary fronts Tuesday:

1. Retiring Gov. Goodwin Knight defeated Mayor George Christopher of San Francisco in a relatively close race for the Republican senatorial nomination in California. Returns from a third of the state's 26,343 precincts gave Knight 194,890 votes, Christopher 151,923.

The Democratic nomination went to Rep. Clair Engle, who had no opposition from within his party. Engle's vote total for both primaries under the cross-filing system far surpassed that of Knight.

2. State Atty. Gen. John Patterson won the Democratic nomination for governor in Alabama in a runoff primary with Circuit Judge George C. Wallace. Nearly complete returns gave Patterson, 36, the leader in last month's original primary, 304,080 votes to 239,529 for Wallace. The nomination means virtual victory in Democrat-dominated Alabama.

3. Sen. Mike Mansfield, assistant majority leader in the Senate, staked out an early lead in Montana in his bid for Democratic renomination. Mansfield held a 6-1 lead over John Nickey and Thomas (Continued on Page 2; Col. 2)

House Faces Cut Decision

WASHINGTON (AP) The House faced a decision today on whether to take "a calculated risk" and cut the strength of the Army from 900,000 to 870,000 men during the year starting July 1.

The administration favors the cut.

At issue is an amendment that would add 99 million dollars to a bill appropriating \$38,310,561,000 to run the Defense Department during the 1958-59 fiscal year.

The big money bill, as sent to the House by its Appropriations Committee, provides among other things for an 870,000-man Army June 30, 1959. That is what the administration recommended.

'Jupiter' Output Slated For Hike By Chrysler

WASHINGTON (AP)—The Army's Jupiter missile, staging a dramatic comeback from an order that almost sent it to the ashcan, is headed for large-scale production.

The Pentagon said it has authorized the creation of a complete production line for Jupiter missiles at the Chrysler Corp.'s Warren, Mich., plant.

The decision, giving a new lease on life to the big intermediate range ballistic missile, is believed to stem from the latest firing of a Jupiter May 18 at Cape Canaveral, Fla.

The Army said that shot attained complete success in firing a full-size nose cone through the atmosphere and delivering it intact onto a target area 1,600 miles away.

A Defense Department official said the Jupiter now will be turned out in volume at both the Chrysler plant and the Army's Redstone Arsenal in Alabama, where the 1,600-mile-range missile was developed.

Late last year the Pentagon ordered the Jupiter program dropped. But the Defense Department decided later the Army should continue development and production.

The Air Force has been pushing for exclusive production of its own IRBM, the Thor. The Pentagon official, who asked that his name not be used, made it apparent there will have to be a decision ultimately on whether to go ahead with one or the other or both.

'Trapeze' Line Due To Survive In Fall Display

LONDON (AP)—The trapeze line survives, but with hints of bumps and dents.

That is today's verdict for British women given in the autumn collection of Christian Dior's London branch. It indicated that it will soon be correct to define busts and waistslines slightly.

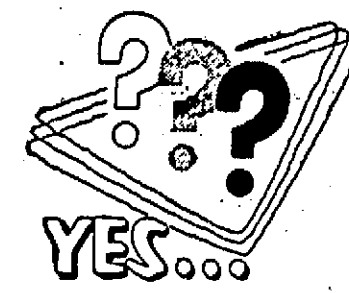

But the trapeze, a little modified and softened, is still the favorite outline.

Winter coats were wide and short, some stopping at the knees. Some had scarf collars. Necklines of coats were nearly all loose, standing away from the shoulders.

Black was the predominant color.

Ousted Judge Given Rebuff In Vote Race

CHATTANOOGA, Tenn. (AP)—Raulston Schofield, 52-year-old suspended judge, lost in his bid for renomination to the Criminal Court bench.

Complete returns gave Campbell Carden, a 43-year-old attorney making his first political venture, a margin of almost 2-1 over Schofield in Tuesday's Hamilton County Democratic primary.

Schofield was seeking a second full eight-year term. Testimony before the U. S. Senate Rackets Investigating Committee hearing of the Teamsters Union accused Judge Schofield of having accepted a bribe to dismiss charges against Teamsters stemming from violence in Tennessee.

Speaker Gets Pinched For Running Overtime

DETROIT (AP)—"Somebody's pinching me!" cried the feminine voice over the loudspeaker. Some 3,000 delegates came to attention at the General Federation of Women's Clubs convention here. They relaxed after the chairman apologized. She had done the pinching because the speaker was running overtime.

Widow Leads In Race
Mrs. Blanche Anderson, an Helena widow, was leading Louis W. Welch for the GOP senatorial nomination.

4. Another state's attorney general—Phil Saunders—gained nomination for governor on the Re-Saunders, 38, defeated Lt. Gov. Roy Hauck and State Rep. Charles Lacey.

With 75 per cent of the vote in Saunders had 38,038 to 15,644 for Houck and 6,813 for Lacey.

Ralph Herseth, a farmer and merchant, took the Democratic nomination without challenge.

Both Brown and Knowland issued statements predicting victory in California's general election. A side issue in Alabama was a fight for control of the State Democratic Executive Committee between a States Rights faction and a loyalist group favoring retention of a pledge to support national party nominees. Seventeen positions were filled but the outcome was in doubt pending a complete count of ballots.

Two Statues Beheaded In Marble Yard

PIETRASANTA, Italy (AP)—Heroic 16-foot statues of Juan and Eva Peron lay in a marble works today, beheaded by order of the Argentine government.

"They did it last night," designer Ettore Tommasi said unhappily. "It's an act of vandalism, that's what."

Emilio Yauregui, the economic counselor of the Argentine Embassy in Brussels, brought orders for the beheading to the marble works. The two heads, weighing almost 1,000 pounds each, tumbled and were covered with canvas.

The statues were ordered when Peron was at the peak of his power as dictator of Argentina. They were designed to go on top of a marble mausoleum for the Perons. But since 1955, when the dictator was overthrown, they had been standing at the marble works.

Neither the Argentine Embassy nor the marble works would disclose details of the financial settlement with Tommasi.

Turk Premier Accused Of Illegal Censorship

ISTANBUL, Turkey (AP)—The opposition People's Republican party today accused Premier Adnan Menderes' government of preparing illegal and unconstitutional measures to silence criticism.

The statement followed government orders for the second straight day preventing newspapers from printing remarks of Republican leader Ismet Inonu, former president of Turkey.

Inventories Now Watched For Business Pickup Signs

NEW YORK (AP)—Inventories are being watched more closely than ever today for a sign of a turnaround in business.

This is because the varied trends in other factors that could start recovery—consumer spending, government purchases, business outlay for capital goods—seem to be jelling.

There is growing reason to hope that the slight decline in consumer spending is at an end and that business now can count on a fairly level flow of consumer cash and credit.

Business spending for plants and equipment, while still high, is well below record 1957 and businessmen indicate there is little chance of any pickup here before next year. So that spur to the economy, it seems, must wait.

Government spending slowly but surely will increase and take up much of the gap. But that spur may be tardy too.

Spending for inventory is another matter—and one of the things that many businessmen admit they are the least certain how to handle.

The policy of sharply reducing stocks, coupled with the drop in capital goods outlays, has been credited with kicking off the present industrial slump. Many hold that when the bottom in inventory piling is reached the way will be open for solid, if slow, recovery.

Foreign turmoil as well as local recession can play a part in some inventory policies. Prices of many metals, rubber, oil, fibers and grains have been affected in the past by overseas upheavals—and a hint of more trouble could cause some industries to build up their supplies rather than go on cutting them.

But the thing that business is watching more closely right now is the evidence that final purchases of goods—mostly by consumers but a part by business—have been running higher than output of goods.

In time this means that inventory piling must stop and industrial output turn upward. In fact, the steady increase in recent weeks in steel output is being credited both to the end of inventory cutting by customers and the urge to beat any price hike July 1.

Teachers, Pupils Made Ill By Food Poisoning

MARION, N. C. (AP)—Food poisoning turned a gay year's-end school luncheon into a nightmare for 202 retching, screaming children and teachers at a small grade school Tuesday.

The tide of ill youngsters completely overran the small community hospital and taxed emergency facilities at the school. Doctors said all patients will recover.

The sudden emergency was met quickly when officials at Marion General Hospital executed a never-practiced hospital disaster plan.

The 60-bed Marion General Hospital admitted 202 children and teachers from the 227-pupil Eugene Cross Elementary School.

Dr. W.F.E. Lottin, public health officer, suspected that the poisoning came from ham.

The hospital, alerted by school officials when the first symptoms appeared about two hours after lunch, started preparations immediately for handling an emergency situation. Hospital staff members moved 19 ambulatory patients to nearby nurses' quarters, discharged four patients and emptied all hospital beds except four.

Additional beds—many of them cots and roll-aways donated by townspeople after a radio appeal—were placed in hospital corridors. The nurses' lounge and living room became wards.

The town's medical force was supplemented by nurses and rescue squads from nearby towns.

Study Slated On Length Of Legislature

Dissatisfaction Noted This Year On 30-Day Limit

BALTIMORE (AP)—A committee of the Legislative Council last night proposed a study to determine the ideal length and scope of seven-year sessions of the General Assembly.

Widespread dissatisfaction was noted during this year's session with the 30-day limitation on even years. These short sessions are limited by the constitution to matters of finance, emergencies and the general welfare.

Many legislators apparently felt that restrictions on the short sessions were not strict enough for the time permitted. A number of legislative proposals to tighten the scope of these sessions were defeated this year.

The latest proposal was submitted by the judiciary committee of the Legislative Council, between session screening arm of the General Assembly.

This committee and the budget and finance committee also voted unfavorable reports on 16 topics to be presented to the full council today. More than 150 topics have been handed to the council for action during the summer.

Among the casualties in the judiciary committee was a proposal to lower the minimum voting age from 21 to 18.

The budget and finance committee agreed to defer until November consideration of a proposal to require legislative approval before local governments could rescind any tax exemptions they might grant industries.

Three GIs Hurt In Rocket Blast

FT. SILL, Okla. (AP) — Three Army officers at this artillery and missile center were injured slightly when an Honest John rocket exploded on its launcher.

Lt. Frederick U. Rorapough said he was placing fuses on the magnesium warhead Tuesday when he heard one of them click. He shouted a warning to 25 soldiers in the area and leaped to the ground.

The warhead blew up, igniting the rocket motor which sent the 17-foot missile zigzagging 400 yards on the ground.

Synod Approves Annual Budget

GREENVILLE, Pa. (AP)—A \$1,331,189 budget for 1959 and two special appeals totaling 286,000 were approved Tuesday by delegates attending the 116th annual convention of the Pittsburgh Synod of the United Lutheran Church. The four-day meeting ends Thursday.

A \$136,000 appeal was voted for Lutheran World Action. The other appeal for \$150,000 is for four seminaries: the Synod supports—Gettysburg, Philadelphia, Chicago and a Hammia Divinity School in Springfield, Ohio.

Two Men Killed In Rail Mishaps

PITTSBURGH (AP)—Henry McBride, 41, of nearby Verona, and Joseph Brandner, 37, of the Hazelwood district, were killed Tuesday in separate railroad accidents.

McBride was fatally injured when his truck and a Pennsylvania Railroad freight train collided at a crossing in O'Hara Twp.

Brandner apparently slipped and fell under the wheels of a Baltimore and Ohio freight train, while crossing tracks in the Hazelwood district. Allegheny County deputy coroners said.

Steel Mills Up Their Operation

PITTSBURGH (AP)—Iron Age, a national metalworking weekly, reports Pittsburgh area steel mills are operating at 58 per cent of capacity this week, an increase of three points over last week.

The weekly reported Youngstown mills operating at 44 per cent, a 3.5 gain and Upper Ohio River mills operating at 78 per cent, a 4.5 decline, in comparison to last week.

Bird Talks

BERLIN, Conn. (UPI) — Chipper, a parakeet owned by Mrs. Nina Damico, flew the coop, but a week later it landed on a boy's shoulder. The bird was quickly returned to the owner after it said, "My name is Chipper Damico and I live at 100 Kensington Road."

NAMED BY IKE — Adm. Harry D. Felt, above, has been named the new Commander-in-Chief of U.S. Forces in the Pacific and the Far East by President Eisenhower. Felt, 55, now Vice Chief of Naval Operations, succeeds Adm. Felix B. Stump, who retires Aug. 1.

Heads Named By Paper Unit

NEW YORK (AP)—West Virginia Pulp & Paper Co. has named officers for its new multi-wall bag division, after the recent acquisition of Fulton Bag & Products Co. and Arkell & Smiths.

Field responsibility for the division's activities—including direction of plants at Wellsburg, W. Va., Mobile, Ala., New Orleans, and St. Louis—will be shared by two regional managers.

Jason M. Elsas, formerly president of Fulton Bag & Products Co., will be regional manager with headquarters in New Orleans. Sheldon Y. Carnes, formerly vice president of Arkell & Smiths, will be regional manager with offices in New York.

Over-all administration of the division will be handled from central offices of the paper company in New York, David L. Luke III, executive vice president, said.

Harsh Winter Hurts Crabs

BALTIMORE (AP)—Wholesale seafood distributors say Maryland crabs are small and in short supply, but they foresee better days ahead.

They said yesterday the shortage is not unusual for this time of year, but conditions are probably worse than usual because of the harsh winter.

One spokesman noted that Virginia and Carolina crabs are coming along normally. He said he had never seen such a bad spring in his 30 years in the business.

"Crabs need warmer water or they're held back," he said. "Things will pick up soon."

Another wholesaler attributed the shortage partly to the practice of catching a large number of spawn crabs during March and April before the crabs have laid their eggs.

Dice Accident

HARTFORD, Conn. (UPI) — This city's legal authority has recommended payment of \$490 to Dominick Granell, who sued for \$15,000, saying he was hurt in a fall while fleeing from a dice game raided by police.

New Missile To Be Used In D. C. Area

BALTIMORE (AP) — A Nike missile base at Davidsonville in Anne Arundel County will be the first to put into operation in the Baltimore-Washington area the new Nike Hercules missile.

The Army said the longer range Hercules, capable of carrying an atomic warhead, will become operational at Davidsonville June 30th. The missile site is about 15 miles east of Washington.

The Hercules also is to be installed at 19 other Nike bases in the Baltimore-Washington area.

Three Bibles

BRIDGEPORT, Conn. (UPI) — Miss Anna M. Amos was cleared of a speeding charge after she told a judge she'd swear to her innocence on — not one — but three Bibles.

OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever.—Morris.

Justice Defeated

FREEDOM and justice are inseparable. The protection of the individual in the exercise of his rights, in the use of his property, is of the very essence of liberty. To have ideals of justice, however, is not enough. Justice must be a tangible, working thing. Citizens of all walks must know that they can seek it and get it. In the United States today, this is not really possible. The courts of this country, both federal and state, are so heavily congested that delays of sometimes incredible length stand in the way of countless just solutions. Delay, of course, can be the equivalent of a denial of justice in many, many cases. If action does not come fast, the opportunity for a just answer may vanish.

CHIEF JUSTICE Earl Warren recently described this danger when he said that court delays are so chronic that they are "compromising the quantity and quality of justice available to the individual citizen" and hurting this country's worldwide reputation in this vital area of our democratic life. Back in 1941, some 38,000 civil cases were filed in the federal courts, an equal number disposed of, and 29,000 left unheard at year's end. The total filed annually today is 62,000, and the backlog has grown to 66,000. Yet there are only 50 more federal judges now than the 200 which handled the 1941 case-load. In how many of those 66,000 unheard cases is justice being denied by inaction?

WARREN LONG HAS campaigned for additional judges to handle the mounting burden. No new judgeships have been authorized for more than four years. Furthermore, there are 10 current vacancies crying to be filled on the federal bench. Multiply the story by the equally dismal picture at the state and local level, and we have a condition seriously damaging to our freedom. Is there justice in the United States? On paper, yes. In practice, yes for certain lucky citizens whose cases are handled with fair dispatch, no for others to whom time is vital, and "eventually" for some to whom delay is perhaps costly and annoying but not finally defeating.

Merry Joker

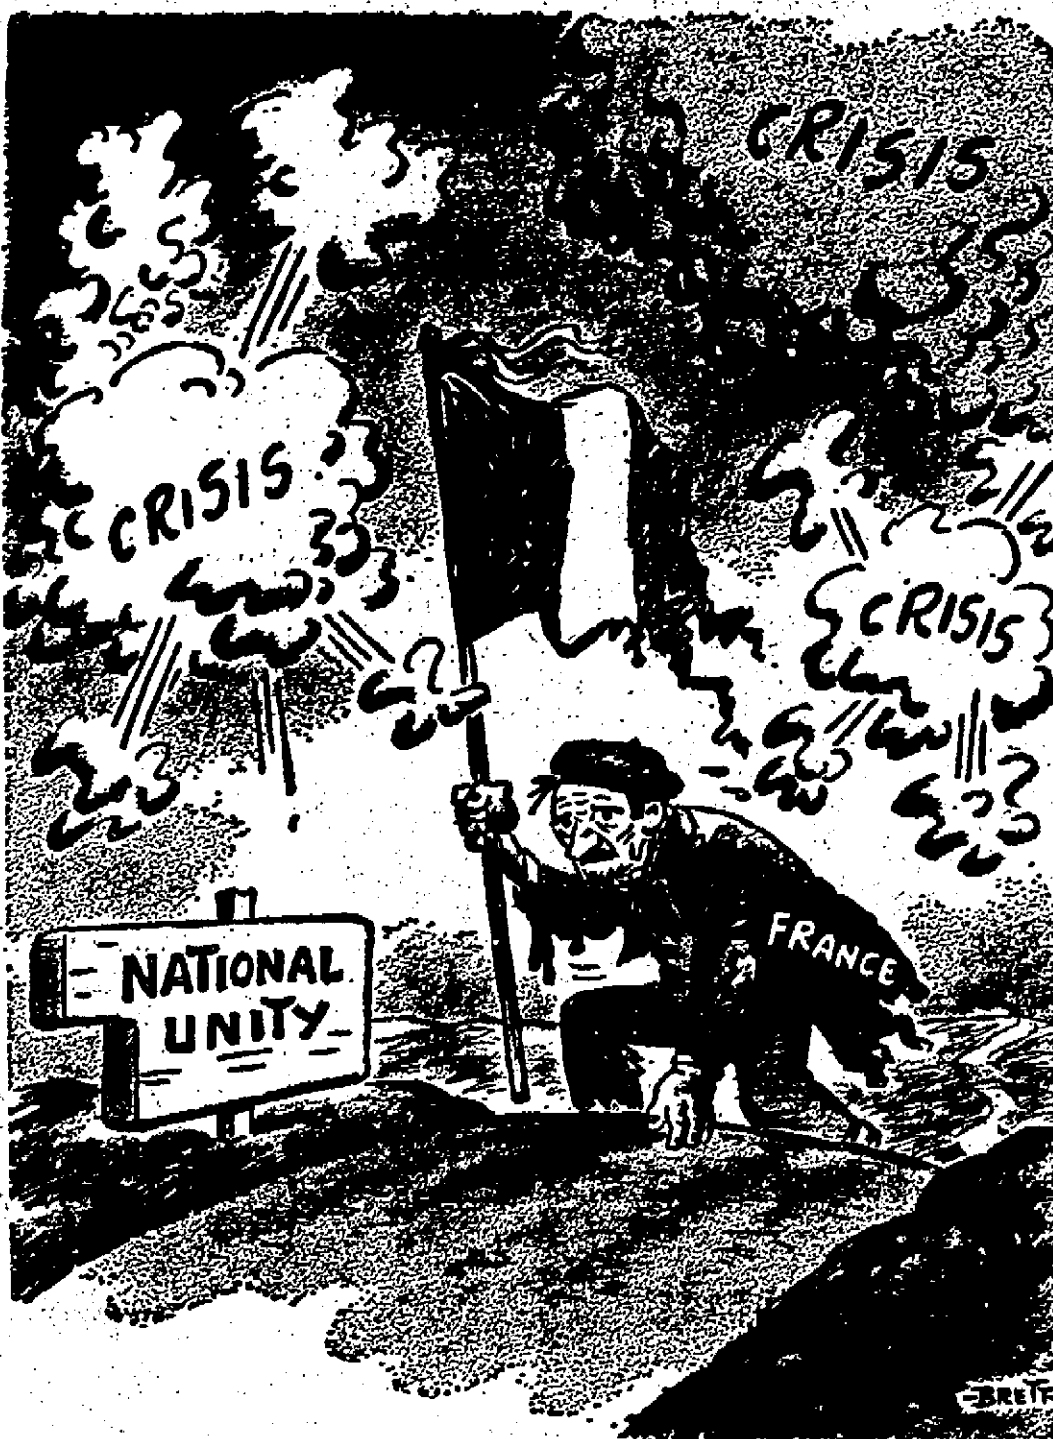

AT LAST WE HAVE the inside story on the flying saucer which has haunted a town in England with the improbable name of Biggleswade for the last six months. Unfortunately for flying-saucers-from-outer-space buffs, it's the story of a hoax—but an engaging one. Frank Russell, a machine tool operator of Biggleswade, contrived a cone-shaped contraption about four feet in diameter. With a weather balloon inside to lift it and flashlight bulbs for "windows," he was wont to sneak out at night and fly it on a nylon line in the environs of said Biggleswade. An attachment supplied a rotating effect to the "saucer." Then, after about five minutes, a timing device put out the lights and shot a fireworks rocket into the sky. To amazed onlookers it appeared as if the "saucer" had soared off into space. Russell, chuckling, would reel it in and hic off to home. What finally disclosed the secret? Russell simply got tired of lying to his wife about his nocturnal whereabouts. After that, the rest of the town was not slow in learning the truth. It's a ridiculous story, and an interesting commentary on the energy and imagination people will waste on silly tricks. But somehow we like it. Every time a Joker like Russell pops up, the news from the rest of the world loses some of its somber and unlaughable aspects.

Everyone Knew

WELL, THEY DIED—as had been expected, as had been accurately predicted. They died by the hundreds. Not in battle, not by disease, not in the fullness of their time on earth. No, they died in the smashing impact of metal on metal; they died in rending crash and inferno on scores of broad highways and pleasant side roads. Death came to these hundreds of Americans on Memorial Day weekend, 1952. The tragedy of these many lives snuffed out is all the greater, perhaps, because everyone knew that it would happen—to someone. What we don't know is how to forestall the next chapter in this book of sudden death.

THOSE WHO groan about wanting more hours in the day ought to try a little less daze in the hours.

For 5 Million Bucks Take Your Choice

NEW YORK—Probably to get their minds off the recession, New York's alert advertising crowd has introduced a new parlor game which some insist goes magnificently with martinis.

It deals with personal motivations, naturally, and money.

At parties, three questions are asked of each guest. Presumably, he must tell the truth, after some soul-searching.

The questions are provocative, eh, Elmer?

You are offered \$5,000,000 if you will agree to live in a 50-square-mile area for the rest of your life. You may pick the location, but never venture off it. Would you accept?

For \$1,000,000, you must give up all your present friends, and agree never to see them again. This does not include your family. Well, buddy?

You are on a sinking ship. With a small life raft. You can take to safety with you either five paintings by famous old masters, or an 80-year-old man

suffering from an incurable disease. Which? (In this question, it is ruled unfair for questioned party to inquire "is it contagious?")

The point of the little game is to get to know thy neighbor as thyself—and let down thy hair or guard thy throat accordingly.

ANITA COLBY, the beautiful lady long known as "The Face," now reveals herself as also being "The Smelliest." Nicely so, of course, but eternally waiting with aroma.

In a beauty book, she gives women some tips which they should observe if they're going to lure a man away from his cynical parlor pastimes.

She suggests the following methods for leading a man around by the nose.

KEEP A BOTTLE of cologne in the refrigerator during summer, and dash it on wrists and forehead every time you drop by the kitchen.

After a bath, rub cologne into

the skin all over. Your body will be warm enough to "seal in" the fragrance.

But don't stop there... If you have oily hair, you can use cologne as a coiffure-setter. For dry hair, use scented lotions.

When you're covered with your first layer of clothes (the lingerie), spray yourself, with toilet water. Saturate a large twist of cotton and rub yourself down. Now spray the insides of hemlines, shoulder pads or linings of dresses. "To stir up a scent as you move."

NOW, WHEN you're fully dressed, dab perfume behind the ears, on the handkerchief, on the hair. Tuck a cotton pellet scented with perfume into your bra, where the heat of the body makes the fragrance rise.

And remember—perfume has only about a four-hour smell span. So if you're going out, carry a purse vial with you.

Miss Colby says you will bowl over the men.

Literally, probably.

Dust Bowl Plan Finally Gets Under Way

WASHINGTON (NEA) — The Great Plains program is at last beginning to roll. Its purpose is to cut down the tremendous drought losses in the dust bowl and to stabilize farming in the 10 states east of the Rocky Mountains. It has taken two years to get this dramatic undertaking started.

Actually, dust bowl troubles go back 100 years. In the depression of the 1930's successive droughts brought poverty that led to the "Okie" migration of "Grapes of Wrath" fame.

In the early 1930's another dry spell made necessary multimillion-dollar-disaster relief programs.

President Eisenhower sent the Great Plains plan to Congress early in 1952. The law authorizing a 10-year, 150-million-dollar program was passed that August. It took another year to work out regulations for putting it into effect. First contracts were signed last December.

IN THE succeeding five months Department of Agriculture signed nearly 4,000 more contracts with farmers and ranchers in the area. They call for comprehensive soil conservation and crop conversion programs. The average contract so far has covered 2,500 acres.

This work will be done on a cost-sharing basis in which the U. S. government will pay 50 to 60 per cent of costs.

Every farmer who signs up will first have an aerial survey made of his land. Then soil conservation service technicians will work out a conservation schedule for the entire farm.

The farmer can do the work himself or have it done on sub-contract. Farmers Home Administration or local banks will give him a loan to help him pay his share of costs. Farmers are given three to ten years to complete their plan.

GOVERNMENT costs on the first contract signed are running about two dollars an acre in eastern Montana and the western Dakotas. This region now has fair vegetation coverage, but is said to need range management

and more shift from annual crops to permanent grass cover.

In the seven Great Plains states to the south, government costs are running a little over three dollars an acre.

The area declared eligible for assistance includes eastern Wyoming, Colorado and New Mexico, western Nebraska, Kansas, Oklahoma and the Texas panhandle.

Many farms and ranches in this area need reseeded, terracing, fencing, pond development or some irrigation for supplementary feed production. There is a legal limit of \$2,500 that may be spent on irrigation on any one farm.

IN ALL, an estimated 235,000 farms in 28 of the 422 counties in this ten-state area are now eligible to receive Great Plains program assistance. More may be added.

One oversimplified explanation of the Great Plains program purpose is that it seeks to get every farmer to use his land as though every year was going to be a drought year.

On this basis he can conserve his land and cut down his losses. If a drought lasts several years he may use up his reserves. But he will have a more stable operation. And if it does rain, he is just that much more ahead.

Ten agencies of Department of Agriculture are cooperating with state farm agencies, land grant colleges, farm organizations and soil conservation districts. There are 24 approved conservation practices in the program.

Congress wrote into the Great Plains law a provision that this program must end in December, 1971. That means all contracts will have to be signed this year and next. Maximum expenditures are set at 25 million dollars in any one year.

IT IS estimated that this program will convert only about 10 per cent of the land in this area to good conservation practices. Perhaps 25 per cent of the land now in cultivated crops, or from 12 to 14 million acres will be converted to grass land. Wheat and other grains surplus production should be reduced and more livestock will be raised.

So along about ten years from now the Congress and whoever is president and secretary of agriculture will have to take another look at this program to see how it has worked out. Then they will have to determine whether they want to carry it out on the other 90 per cent of the dust bowl area. To conserve it all would cost about 1.5 billion dollars.

Glancing Sideways

NEW YORK — There is an awful lot of prose being strewn about these days concerning what kind of automobile is best for the American family. Meanwhile, back in Detroit there are about 800,000 unsold 1953 units.

You can find red-hot, distended nostril defenders of the big, big car with room for everything and space left over for a gas tank large enough to hold the fuel such a locomotive requires. You also can find passionate champions of the June bug models from Europe. It seems to me that both sides have an honest vote and a justifiable voice.

IF A CAR USER eating up about 70 miles a day five days a week can testify, the actual truth would seem to lie somewhere in between: a car small enough for economy, but large enough to contain the family without cramping it unduly.

We as a nation have such cars. Three of them, at least. They are of sensible size, have nice fuel economy and cost somewhat less than even the cheapest giants. You have a choice of these three and they are on the market and available.

BUT EVEN THAT is not the best answer. The best answer is a two-car deal, if suburban living and general usage is the factor — and mostly it is. Papa needs a car to get to work and back. Mama needs a car to haul groceries, kids, lawn chairs and a sack of grass seed. The whole family needs a car big enough to offer week-end and vacation travel in comfort.

The real answer there would be: a station wagon for the family and a bubble-car for Dad. He's the one who runs up mileage going to the city and back and 50-miles-to-the-gallon gas economy in a bubble car is worth having. They cost around \$1,000 to buy and almost nothing to maintain apart from compulsory insurance. And plates. If you are in a state that charges for plates by weight of car, even that isn't an onerous charge.

A MAN CAME by the house the other night to let me drive a car I'd buy in a minute, because the city-country problem happens to affect my family. The reason I cannot buy it is simple: it is a three-wheel car and three-wheel cars are prohibited on the parkways into and out of New York City.

Frederick Othman

Some Pork Is Not So Bad

WASHINGTON — This is the day to look into what the irreverent hereabouts call the pork barrel.

That phrase makes Congressmen cringe, but I doubt if they'll ever escape it, not so long as they continue spending billions on rivers, harbors, dams, ditches and a beautiful flower, the water hyacinth. Some of these costly projects are good; some are not.

And some can get the celebrated ladies and gentlemen into heated arguments.

THE PROJECTS are to be found in every state. The record of this year's hearings before the Appropriations subcommittee runs to four fat volumes, and the places that are to be improved sound picturesque in the extreme. They include Absaroka, Mont.; Atchafalaya Basin, Miss.; Barren River, Ky.; Buttermilk Channel, N. Y.; Choctawhatchee, Ala.; Cow Creek, Kan.; Devil's Swamp, La.; Fleming Grove, Utah; Ice Harbor, Wash.; McGirt Creek, Fla.; Panther Creek, Ky.; Prairie Dog Creek, Kan.; Seedskaade, Wyo.; Stumpy Point, N. C.; Thief Creek, Wyo., and Wynoochee River, Wash.

THEN THERE'S the Davenport Center Dam in Delaware County, N. Y. State Senator Owen M. Begley dropped down to read to the Congressmen a statement by Governor Averell Harriman, who said building this dam for \$12,100,000 was urgent to prevent disastrous floods all the way down to Binghamton.

Came then the gentleman from Tuxedo Park, N. Y., Republican Representative Katharine St. George, to say—in a ladylike way—that the Governor was talking through his plug hat.

MRS. ST. G. TOLD her fellow lawmakers that she'd been fighting the idea of building this dam for years. She said it would flood 2,175 acres of rich farm land and two cemeteries.

She said Binghamton was 120 miles away and she didn't think the dam would keep the water

This costs about \$800, does 65 miles to the gallon and holds one person: the driver. It's a low, maneuverable, light and satisfying little jewel.

Instead of tooling a station wagon giant at 12 miles to the gallon 70 miles a day, I could use this and my bride could have the wagon and go to the store and school or wherever. Her mileage for a day would be at the most 10 or 15 miles. If that. Some days, none.

THE NEAREST thing to the three-wheel wonder is a bubble car, which this reporter has mentioned before. They come to about \$1,085, delivered. They hold two. They are comfortable enough, certainly on paved super-parkways they are. I would not want to drive 500 miles in one at one shot, nor would I look forward to a transcontinental trip in one. I'd be insane to drive to Mexico and back in one. But for commuter work — great.

Now, if a \$3,200 station wagon strains the family that needs two cars, it can buy a good wagon, new, for about \$2,300 and a bubble for another \$1,000 (or a little more), and it will have two cars for about \$100 or \$150 more than one giant would cost. The smaller wagon uses gas at about 33 miles to the gallon and the bubble at 50 miles or better to the gallon. They'd still be far ahead on gas bills at the end of the first year.

DETROIT is said to be puzzled as to what to do next. It isn't puzzling. Let them redesign the big ones to cost down to \$2,500, say and put out some American bubbles at about \$1,000. It can be done and don't let anyone tell you it can't.

For all the millions spent on designing, tooling for and issuing a certain new car that is not exactly selling like hot cakes, its parent company could have designed an American bubble that would have sold like hot cakes. And it could have carried the celebrated name the not-selling car carries, what's more. The name is not the fault. It is the price.

If you think the small European cars are not popular in this country — try to buy a Volkswagen without waiting for delivery. They are at a premium. Fiats, Opels, Simcas, Dauphines, BMW and their like are going fast while our giants sit silent in the show rooms.

Reporter's Notebook

NEW YORK — Many a would-be June bride won't be this year.

The reason in many cases will be very simple—and her own fault: She will waste her time building up her suitor's ego.

This is all wrong. The best way for her to bring a reluctant bachelor to the point of marriage is to tear him down.

It is doubtful whether more than one out of every five men marry from strength. The rest marry from weaknesses of one kind or another.

In four cases out of five, then, the problem of a marriage-minded girl isn't to make her prospective mate feel strong and superior. It is to make him feel weak, helpless and indecisive — unable to face the terror of daily life alone, with no strong shoulder such as hers to lean upon. He must be made to feel utterly dependent upon her.

HOW CAN THIS be done? How can a girl break down a healthy, freedom-loving bachelor so that he willingly will embrace matrimony as a refuge?

Here are a few off-hand tips:

Take him to the beach and let him get sunburned the color of a lobster.

Send to his sickbed a gift of roses — embowered in poison ivy leaves.

Wine him and dine him and keep him out late until he gets circles under his manly little eyes. When he shows signs of collapsing under the pace, let him know that what you'd really like is a home where you could tuck him in bed early every night and let him rest.

Once you've got him really worried about his health, have an insurance company mail him a few facts on male mortality, pointing out that husbands live longer and have fewer diseases than bachelors.

Lend him money to pay his medical and racetrack debts. Hint that, if you were married, you'd be willing to cancel not only the interest charges but the principal, too.

TELL HIM THAT you just got a raise and your job is safe, but that at your firm they are laying off the bachelors first and the married men last. This will really worry him.

Finally, as a clincher, you wistfully inform him that a handsome new fellow at your office has proposed and that, while you don't love him, still a girl has to think of her future, et cetera, et cetera.

By now completely dependent upon you, broken in body and spirit: the fear-ridden bum of your choice will cave in at once and plead for you to marry him.

Which you cheerfully do. You may be getting a human wreck for a husband—a wreck you made yourself—and your conscience may trouble you a bit.

But remember, you've got the rest of your life to build your new husband back into manhood again.

Washington Scene

WASHINGTON — Even with their tropical-weight suits, the President and Vice President of the United States still continue to wear vests. They confide in those they know well enough to discuss perspirational matters, that Washington doesn't seem so sticky in a vest as without.

The Messrs. Eisenhower and Nixon insist that a waistcoat is a shield against summertime sultriness, not an agent provocateur. They aver it not only protects them from looking wilted, but from feeling the same way. The Vice President, in particular, declares he does not feel comfortable without his weskit, no matter what the temperature.

I asked Vice President Nixon about his investiture one sweltering evening. He would look better than I do, even if wearing a ready-made poncho, but on this occasion he put me completely to shame. He was trim and contained, with just the right amount of cuffs and collar showing, while I had a wild expanse of shirt billowing in no breeze. He was so considerate about not drawing attention to my appearance that he kept his eyes averted.

"In my opinion there is nothing that looks as hot and uncomfortable as a flapping damp shirt," he said. "I am not trying to set any styles, but I prefer a vest."

SO FAR AS I could make out, President Eisenhower was the only male with a vest at our last news conference. Even so, he looked the coolest person in the un-airconditioned hot box. He showed a vest, but not a vestige of discomfort, when he said he liked Gen. Charles de Gaulle.

Some of us who had read his 1948 book, "Crusade in Europe," sweated over this because Eisenhower the author had characterized de Gaulle as hypersensitive and extraordinarily stubborn. But if there is one thing you learn in covering this Washington beat, it is that time goes on. I guess most of us wouldn't have been too startled if Ike had come to the news conference with a big "I like Chuck" button pinned to his vest.

I emerged from the session with a veteran reporter who was covering the White House when Gen. de Gaulle came here shortly after the 1940 capitulation which put France in the hands of the Marshal Pétain-Premier Laval collaborationists. The old-timer said Ike would never be guilty of a blooper with de Gaulle as was our military leader before him, Gen. John J. Pershing.

fee breaks is the 20 or more minutes it takes to have them.

There's always a lot of interest in a circus act but most of them aren't in tents as they used to be.

Despite the fact that doctors say scratching is bad for the skin, a lot of people just itch to do it.

A Kentucky mountaineer celebrated his 100th birthday — possibly a long, still life.

When a newly married gal gets a roof over her head she's likely to want to raise it once in a while.

An Illinois man who had \$5,000 in the bank a year ago now says he's broke. Too quick on the draw!

In the old days folks used to irritate others by reading movie titles out loud. Now they crunch popcorn.

"THIS MAY STRIKE you as water over the dam," reminisced the old reporter, an enthusiastic metaphor-mixer, "but de Gaulle seems to be as hot stuff now as I was then. When he arrived in Washington, he went almost immediately to Walter Reed Hospital to pay his respects to Gen. Pershing."

"I trailed along, and managed to make myself inconspicuous behind a screen in the hospital room. Pershing's memory wasn't what it had been, but he chatted animatedly with de Gaulle about the military experiences they had shared."

"Finally Pershing said, 'It has been delightful to see you again and revive so many wonderful old memories. Tell me please—how is my good old friend, Marshal Pétain?'"

"General de Gaulle's face twitched, but he managed to reply calmly: 'It is a very long time since I saw the Marshal.'"

I realize this column has rambled a bit, but somehow the sight of a vest always makes me discursive.

Cement Plant Union Accepts New Contract

HAGERSTOWN (AP) — Union workers at the North American Cement Corp. plant at nearby Security, Md., voted unanimously last night to accept a new one-year contract.

The contract, retroactive to May 1, provides wage boosts of from 8 to 14 cents an hour, time and one-fifth for Sunday work and an improved retirement program.

Some 100 of the 304 plant workers who belong to the United Cement, Lime and Gypsum Workers Union, took part in the vote.

Capon Bridge Voting Tied For Mayor Job

CAPON BRIDGE, W. Va. (AP)—One voter did not cast his ballot in the mayoralty race yesterday and this Hampshire County town came up with a 19-19 tie between incumbent Fred Whitlock and k Jesse Whitacre.

The 38 ballots cast may not sound like many but its better than the 25 votes cast last year in this community of about 300 persons. The deadlock will be submitted the town council for a solution at its meeting next Tuesday.

In a more clear-cut action of the annual non-partisan election, Mrs. Rosalie Kefauver defeated Mrs. Ruth Funkhouser for recorder, 23-16. She will succeed Recorder Omar Williamson, who lost in his bid for a seat on council.

Council winners, all incumbents, were Mrs. Lake Henderson, Otis Sirbaugh, John Ward, James Dove and Robert Lovett.

Damp, Cool Season Curbs State Crops

COLLEGE PARK, Md. (AP) — Most farm crops in Maryland and Delaware grew in weather to their liking, but some found the ground still too wet and the air too cool.

The University of Maryland Agricultural extension service reported that planting of corn, soybeans and tobacco was lagging. Some vegetables growers on the Eastern Shore also complained cool weather was delaying progress.

The crop reporters gave this summary on the rest of the agricultural picture:

Barley harvest was expected to start about June 15. Wheat was in the milk stage in most areas. Pastures are in excellent shape. Volume movement of strawberries was expected to continue into the second week of June.

Tomato growers expected to finish setting plants this week. Potatoes in the Kent County, Delaware, area are now making good growth, but digging probably won't start on early Cobblers until the second week in July. Potatoes are making only fair progress in Worcester County, Maryland.

First cuttings of alfalfa were about 75 per cent complete on the Eastern Shore and some early cuttings of clover mixtures had been made. West of Chesapeake Bay, the first cutting of alfalfa was well along in Southern Maryland and farmers were starting on clover mixtures. In Central and Western Maryland, first cutting of alfalfa was about 25 per cent complete, with some cutting of clover mixtures expected to start this week or next.

Early planted snap beans in Wicomico County are blooming. Apples are sizing nicely with fruit measuring one half to one inch in diameter. In the Hancock area, Rome and Golden Delicious in general show a good set of fruit. The set of Staymans is relatively light. Other varieties vary considerably between orchards. Thinning of peaches is in progress.

Texas has about 6,500 oil producing firms.

West Virginia Rubber Plant Will Expand

CHARLESTON (AP) — Goodrich-Gulf Chemicals announced today that it will spend one million dollars expanding facilities at its synthetic rubber plant in nearby Slinger.

The work, started this week, will be completed in October. The plant, owned by Goodrich-Gulf Chemical Co. of Louisville, Ky., is the prime contractor.

President L. O. Crockett said the expansion is being made in facilities for the manufacture of crumb rubber. He said the demand for such rubber, used in many industrial processes, justified the expenditure at this time.

The Goodrich-Gulf plant was constructed by the government before the start of World War II. It was the largest synthetic rubber producer in the world. Goodrich-Gulf bought the plant in 1956 for eleven million dollars.

Earlier this year, expansion work doubling production capacity was completed at a cost of two million dollars.

You might see such instructions to candidates as these:

—Wear the same clothes so people will recognize you.

—Get on the telephone and call up "everybody."

—Buttonhole as many voters in person as possible.

These are a few samples of strategy as carried out by candidates for office in the General Federation of Women's Clubs, holding its annual convention in Detroit.

A typical campaign manager is Mary Katharine Barnes of Charleston, W. Va., who is promoting Mrs. H. G. Muntzing of Moorefield, W. Va., in a three-way race for federation treasurer.

Miss Barnes, who says, "I'm the first old maid state president in our history," and the 46-member West Virginia delegation are up at 7 a. m., presenting their candidate's qualifications to other early risers.

They attend their share of convention business sessions, then relax after meetings are over at 10 p. m. by holding open house for other delegates in their hotel suite.

\$150 In Cash Found In Trash

TULSA, Okla. (AP)—It took an all-day hunt through 5,000 pounds of refuse, but the Rohde family finally recovered \$150.

Unable to get to the bank, Mrs. N. W. Rohde wrapped the money in tissue paper and put it in a clothes hamper. Daughter Mary Jo found it and dumped it in a trash basket. The city picked up the trash.

Fortunately, the trash truck was sent to a city garage for repairs still loaded with the trash. Advised of this, the Rohde clan manned rakes and went to work. Mary Jo found the money, all bills, still wrapped in the tissue.

Bridge League Lists Tourney At Bedford

The sixth annual sectional bridge tournament, sponsored by the American Contract Bridge League, will be held June 7 and 8 at the Fort Bedford Inn, Bedford, Pa., with the Altoona Bridge Club, member of the Allegheny Mountain Unit, host.

The tourney has consistently attracted high ranking players from the tri-state and other areas.

A unit meeting will be held at the Fort Bedford Inn Sunday at 1 p. m., prior to the first session of the open game. Officers and directors for the ensuing year will be chosen.

The schedule includes women's pairs, one session, at 2 p. m., on June 7; men's pairs, one session, at 2 p. m. June 7; mixed pairs, one session June 7 at 8 p. m., defending champions, Herbert C. Agnew and Mrs. T. Roundtree, Pittsburgh; open pairs, first session, Sunday, June 8, at 1:30 p. m.; second session, June 8 at 7:30 p. m. Defending champions will be Mr. and Mrs. Harry L. Glick, Pittsburgh. Altoona pairs, one session, Sunday, June 8, at 7:30 p. m.

Following the mixed pairs game Saturday night, players will be guests of the unit at a snack bar lunch.

Membership in the American Contract Bridge League or one of its affiliated units is required for participation in this or other master point tournaments. Members should bring their membership cards.

The Columbia Street School faculty entertained in honor of Miss Catherine Thomas, principal, and Miss Carolyn Bowie, member of the faculty, with a dinner at Anton's on Big Savage Mountain, a recent evening.

Miss Thomas has completed 30 years of service in teaching. Miss Bowie, who recently resigned, will be married June 21 to Thomas Woodward Golightly, 210 Louisiana Avenue. Miss Bowie is the daughter of Mr. and Mrs. Douglas R. Bowie, 723 Washington Street.

Gifts were presented to both honor guests, Mrs. Josephine Frase, member of the faculty, presented Miss Thomas with a strand of cultured pearls, and Miss Thomas presented Miss Bowie with a wedding gift on behalf of the faculty.

Decorations centered around the wedding theme with silver wedding bells as place cards. The table was centered with a miniature May Pole depicting a school function.

Other guests were Mrs. Marjorie Chambers, Mrs. Bertha Lowe, and Miss Georgia Wolford. Members of the faculty attending were Mrs. Margaret Hamilton, Mrs. Leah Ramsay, Mrs. Alice Wonn, Miss Nancy Murphy and Mrs. Josephine Frase.

Also Mr. and Mrs. Alan Stagers, Mr. and Mrs. William Pugh, Mrs. Rose Ambrose, Mrs. Ruth Chapman, Mrs. Margaret Faulk, Mrs. Helen Vogel, Mrs. Cleo Knippenberg, Miss Gloria Swanson, Mrs. Christine Sowers and Samuel Lisanti.

Jaynees Event To Be Benefit For ACCCL

The card party and style show planned by the Jaynees for June 17, is a benefit for the Allegany County Crippled Children's League. It will be held at the Cumberland Country Club. Committees for the affair were named at a recent meeting at the home of Mrs. William M. Wilson, general chairman.

Children's fashions will be shown by the Jack 'n' Jill Shop at 8 p. m. A card party and dessert will follow. Tickets are available from any Jaynee member, the Jack 'n' Jill Shop or Mrs. William R. Kirk, PA 2-7057.

Committees include models, Mrs. Robert G. Garner, chairman; Mrs. William Walsh, Mrs. William S. Firey, Mrs. Arthur S. Davis, Mrs. William Scott, Mrs. Henry Sauer and Mrs. Earl D. Shank; tickets, Mrs. Kirk, chairman; Mrs. Stanley L. Goodrich, Mrs. William T. Russell, Mrs. Donald W. Mason, Mrs. Miles S. Amick; Mrs. Raymond H. Lapp; prizes, Mrs. Jack L. Murray, chairman; Mrs. John Brown, Mrs. Frank H. Deremer, Mrs. Roy H. Baldwin, Mrs. William Fuller and Mrs. Buford L. Saville; publicity, Mrs. J. William Hill, chairman, Mrs. George H. Wolfe, Mrs. Robert L. Crump, Mrs. Bruce Anderson, Mrs. Walter R. Hensel; decorations, Mrs. Edward E. Eyer, chairman, and Mrs. Raymond C. Dorn.

Bake a couple of quick breads—such as date loaf—and use one soon after baking. Wrap the other loaf lightly in foil and store in the refrigerator. Sliced thin, toasted and buttered, the bread will be delicious.

AAUW Will Install Two Officers At Luncheon

Cumberland Branch American Association of University Women will install two officers at the spring luncheon meeting Saturday at 1 p. m. at the Cumberland Country Club.

Miss Pauline Fisher will take office as corresponding secretary and Mrs. William Frailey as treasurer. Mrs. John G. Thomas, president of the branch, will install the officers and preside at the luncheon and at the short business meeting.

Of the State Division of A.A.U.W., Mrs. W. R. Hinshaw Maryland president, Mrs. R. O. Stelzer, first vice president, and Miss Mary E. Byer will be guests. Miss Annie B. Gray, vice president of the local branch, is in charge of entertainment. A musical program will be presented.

Mrs. Richard Winer is chairman of the luncheon committee. Mrs. George O. Wolford, 702 Holland Street, will accept reservations.

Miss Jammer, C.C. White Wed In Bedford

The marriage of Miss Mary I. Jammer, 230 Columbia Street, daughter of the late Mr. and Mrs. Conrad Jammer, to Clarence Clement White, Birmingham, Ala., son of the late Mr. and Mrs. Algernon White, took place June 1.

The ceremony was performed in St. James Episcopal Church, Bedford, Pa., with Rev. Paul L. Schwartz, vicar, officiating. Dr. and Mrs. Albert C. Cook were the attendants.

A reception was held at the Hoffman Hotel, Bedford. Until his recent retirement, Mr. White was plant metallurgist for United States Steel Company in Birmingham.

Mrs. Ira Smith, 487 Goethe Street, is a medical patient in Sacred Heart Hospital.

Personals

Mr. and Mrs. Walter H. Coughenour have returned to their home in Washington after visiting Mr. and Mrs. W. H. Fletcher for the past week.

Mr. and Mrs. James A. Stevenson, 207 Grand Avenue, and their son and daughter-in-law, Mr. and Mrs. Raymond N. Stevenson, Westernport, are taking a tour of Florida.

Holy Cross Guild Will Meet Friday

The Women's Guild of Holy Cross Episcopal Church, 16 Virginia Avenue, will meet Friday at 7:30 p. m. in the parish house.

Mrs. Kenneth Sibley will preside and Miss Eulah McMakin and Mrs. Leonard Cramblitt will be hostesses.

Parole Board Queried For Barring Newsmen

BALTIMORE (AP)—The Board of Parole and Probation will be asked by top State officials to explain why it barred newsmen from a hearing on revocation of parole for Samuel E. Palumbo.

The hearing yesterday was unprecedented in that the Court of Appeals directed that Palumbo be permitted to have legal counsel.

Gov. McKeldin said he will talk to Board Chairman Wallace Reidt and issue a statement on the question of news coverage of such hearings.

Atty. Gen. C. Ferdinand Sybert said he will confer with Joseph S. Kaufman, assistant attorney general who represents the board, regarding the ban on news coverage.

The two officials promised ac-

tion shortly after Reidt excluded newsmen from the hearing on the grounds that a report on the hearing might jeopardize the State in any later court actions.

The chairman said after the hearing that witnesses appeared for Palumbo and that his attorneys will file briefs before the board hands down a new decision on the parole revocation.

The Court of Appeals threw out an earlier revocation because Palumbo was denied counsel at the earlier hearing.

Palumbo was sentenced to life imprisonment in 1948, when he was 17, for the attempted rape of a baby sitter he had summoned to a burglarized home. The life sentence later was commuted to 20 years and he was released on parole early in 1955.

A year later he was acquitted of extortion and possession of a deadly weapon, but the parole board held he had violated his parole.

Palumbo's attorneys, C. Calvin Carney and Preston A. Pairo, have contended that the facts surrounding the arrest and acquittal did not constitute a parole violation.

After the first hearing, the Court of Appeals ruled that the right of counsel applied strictly to revocation hearings and not to initial applications for parole filed by prisoners.

Husband Loses In Family Spat

LOUISVILLE, Ky. (AP)—A 225-pound man, injured seriously in a spat with his wife when she hit him with the family car, went to bat for the little woman in court Tuesday.

John Albert Green Sr.'s efforts were successful, but he got the worst of it anyway.

He told the judge his tiny wife "didn't mean to hit me very hard" with the car. The judge dismissed charges of assault and battery against Mrs. Green.

But Green, whose drinking admittedly led to the spat, was fined \$50 for public drunkenness.

Former Local Girl Reported 'Critical'

Sandra Shifflett, nine-year-old daughter of Mr. and Mrs. Wallace Shifflett, 1305 South Carey Street, Baltimore, formerly of Cumberland, is reported in "critical" condition at Franklin Square Hospital there.

The child sustained a fractured skull when struck by a car last Friday evening while crossing the street. Her grandparents are Mr. and Mrs. Richard Payne, 24 Paw Paw Way.

Managers Appointed For New Restaurant

Otis O. (Bootie) Sterne, of 119 Kerns Avenue, has been named manager of the new Howard Johnson restaurant on U.S. Route 40 near the Six Mile House. The restaurant opened yesterday morning.

Edward E. Gunning, Bedford Road, will assume the duties of assistant manager after he completes his training program.

West Virginia Cities, Towns Hold Elections

By The Associated Press

Citizens went to the polls yesterday in several municipal elections throughout West Virginia, with Democrat Raphael P. Deegan elected to serve as Benwood's mayor for a 12th straight two-year term.

Democrats grabbed six of seven city seats in Morgantown, where half of the panel's 14 seats are involved in an election each June. Morgantown's council was scheduled to meet today to act on Daylight Saving Time for next year, and possibly the remainder of this year.

Voters favored daylight time in a referendum involving 1959. There were 2,491 votes in favor of fast time next year and 1,425 opposing votes. However, city council was expected to enact DST for the rest

of this year, beginning Sunday at 2 a. m.

Morgantown's council will elect the city's mayor, who has been Cliff Hough for the past four two-year terms. Hough was among Democrats elected to the city council yesterday.

Deegan received 1,150 votes in the Marshall County community near Wheeling, while unofficial election returns listed 457 votes for Henry Grebs, a Republican.

Benwood Democrats also swept to all six city council seats. Other Northern Panhandle area results included:

Also in Tucker County at Thomas, Emil Suder of the Peoples Party polled 218 votes to defeat incumbent Mayor James C. Cooper Jr., Citizens candidate. Cooper had 183 votes.

The municipal election scheduled yesterday in Wardsville, Hardy County, was postponed until Tuesday. Mayor Otis Hines gave no reason for calling off the election.

Fort Hill High Class, Largest Ever, Graduates

The largest Senior Class in the history of Fort Hill High School and the largest in the history of Allegany County high schools was graduated last night in open air exercises in Fort Hill Stadium.

Diplomas were presented to the 304 graduates by J. Goodloe Jackson, this city, member of the Board of Education.

The principal address to the graduating class, their relatives and friends was presented by David R. Perry, a Harrisburg, Pa., attorney who has held a number of important positions in Pennsylvania. He was presented by Superintendent of Schools Ralph R. Webster. The student speaker, Mary Ellen Muir, spoke on the subject "Education For The Space Age."

The coveted Welcome Home awards, the winners selected by the students and approved by the faculty, went to James Diggs and Dorothea Harper.

The two gold medals donated by the First National Bank and the Cumberland Savings Bank were bestowed on the two for scholarship, loyalty, service, character and leadership.

Diggs and Miss Harper were among 21 members of the Fort Hill senior class who received awards presented by Victor D. Heisey, who has been principal of Fort Hill High School since it opened in 1936.

Diggs and William Matheny each received three prizes. Besides the Welcome Home prize, the former won a \$50 National Honor Society scholarship and a \$10 Cumberland Choral Society vocal music award. Matheny was the recipient of the South Cumberland Planning Mill prize for mathematics, the Bausch and Lomb science medal and shared with Treva Silber the Alumni Association award for highest scholastic achievement through four years.

Miss Silber was one of four Fort Hill graduates receiving two awards each. Besides the \$10 Alumni award, she won the \$20 Millerson Furniture Company prize for highest average in commercial subjects. Brenda Waite won the Cumberland Music and Arts Club prize as accompanist and the Sentinel award for greatest contribution of time and effort toward the school paper. Robert Kaiser received the Carpenters' Union prize as most outstanding woodworking student in Allegany County and the \$5 Hazelwood prize for highest average in industrial arts.

James Diehl was awarded two music prizes. One was the Arion Foundation Medal given by the Cumberland Symphony Orchestra and the second was a cash prize awarded by the music department.

Other award winners included the following:

Nancy Bell, \$5 National Thespians prize; William Alabaugh, S. T. Little Jewelry Company prize for highest English average; Joyce Gross, \$5 senior writer's prize; Mary Ellen Muir, Reader's Digest award as valedictorian; Karen Hardman, \$10 vocational home economics department; Patricia Turner, \$5 prize as contributor to Sunday Times teen page; Jeffrey Getz, Fort Cumberland Unit 13, American Legion Auxiliary, Americanism medal.

Also, Thomas Shaw and Edward Weaver, Babe Ruth sportsmanship medals; Linda Proudfoot, Sabre staff prize; Mary Cross, homemaking department prize; Jerry Meeks, the George (Continued on Page 21)

No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with exertion, emotional upset or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation, with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Area Firemen Convene In LaVale

The convention of the Allegany and Garrett Counties Volunteer Firemen's Association opened today at the LaVale Fire Hall with business meetings of the association and of the auxiliary.

Paul Haberlein, association president, was in charge of the meeting and Mrs. Elizabeth Zembower was in charge of the auxiliary session.

A parade with 50 units of fire trucks and bands will be held at 7:30 p. m. today in LaVale. Parade marshal will be James Loar, chief of the LaVale Fire Company.

Three changes in the by-laws will be voted upon. The first by-law which was presented by the by-laws committee of the association will raise the per capita tax 15 cents. The present per capita tax is 25 cents.

Of the combined amount, \$225 will go toward the association's annual smoker; \$125 toward convention parade prizes; and the remainder for the general fund to operate the association.

An amendment submitted by the Bowling Green Volunteer Fire Company would change the term of the Fire Prevention Committee and Speakers Bureau Committee. Under the present by-law, these committees are appointed in July

and must have a program ready for "Fire Prevention Week" in October, which didn't give the committee much time to prepare a program.

Under the amendment to be voted upon, the committees will be appointed in November to allow them ample time.

The third amendment submitted by the Clarysville Volunteer Fire Company will make the office of editor of the bulletin elective instead of appointive. The association will select the "Fireman of the Year" from a list of nine nominees during the convention.

They are Paul H. Michael, Potomac Fire Company 2, Westport; David E. Wilson, Bedford Road Volunteer Fire Company; Harry Devlin, Midland Fire Department 1.

Louis Russell Winter, Community Volunteer Fire Company of Cresaptown; Calvin Ayers, Bowling Green Volunteer Fire Department Inc.; Francis Philpot, Shaft Volunteer Fire Company.

Donald F. Chenoweth, LaVale Volunteer Fire Department Inc.; Elmer Van Pelt, Tri-Towns Fire Department, Piedmont, and Joseph R. Durst Jr., Frostburg Fire Department 1.

The award is presented by the independent insurance agents

Bloodmobile Gets 212 Pints At PPG Plant

A total of 212 pints were collected by the Johnstown Bloodmobile unit yesterday at the Pittsburgh Plate Glass Company plant on North Branch.

There were 233 volunteers who appeared at the collection center, but 21 were rejected for minor disabilities. Of the total who gave blood, a record number of 156 first-time donors were recorded.

Red Cross officials said this was an encouraging sign, since so much of the quota of blood donated here has been coming from a group of people who have given pint after pint. This week, the Red Cross started a Four-Gallon Donor Club, and One, Two and Three Gallon Clubs have grown steadily in membership.

The record number of first-time donors at the glass plant, as well as the record at the public bloodmobile visit Monday, indicates a renewed interest in the local blood program, Red Cross spokesmen observed.

One-Gallon Club members added yesterday include David L. Day, Bedford Road, and James T. Stafford, 219 Wallace Street.

Physicians on duty at Works 7 yesterday were Dr. Carlton Brinsfield, and Dr. G. O. Himelwright.

Court Rules
On Objector
College Role

Appellate Judges
Say U. of Md. May
Deny Admittance

ANNAPOLIS (AP) — The Court of Appeals ruled yesterday that the University of Maryland may deny admission to conscientious objectors who refuse to take military training.

The court affirmed a Prince Georges County Circuit Court order which upheld the right of university officials to refuse admission to two students. They refused to take military instruction provided by the Air Force Reserve Officers Training Corps.

The court decisions resulted from suits filed against the university by Kenneth G. Hanauer, 24, of Baltimore and Jack A. Crabill, 26, of Greenbelt. The two cases were consolidated for the appeal.

As a recipient of federal funds under the Morrill Act, Maryland must offer military training to its students, and college regulations make the course mandatory for all male students, except veterans and certain others.

Hanauer and Crabill said the mandatory requirement is contrary to the charter of the university and the Maryland Constitution. But the court's unanimous opinion said the regulation does not impose a religious test and "the regulations . . . are well within any limitations imposed by the Constitution and laws of this state."

The two youths also invoked the protection of the First and Fourteenth amendments to the federal Constitution. The appellate judges dismissed this argument with reference to a California case.

The California decision said it is untenable to contend that the due process clause of the Constitution confers the right to be students in a state university free from obligation to take military training as one of the conditions of attendance.

The same opinion also said that "the conscientious objector, if his liberties were to be thus extended, might refuse to contribute taxes in furtherance of a war, whether for attack or defense, or in furtherance of any other end condemned by his conscience as irreligious or immoral."

Clinic Quarters
Are Redecorated

The clinic quarters in the basement of City Hall have been redecorated and enlarged by the Health Department, according to Dr. Ton Van Strien, county health officer.

He said the interior has been painted and enlarged by the removal of partitions.

Total cost, he said, will be about \$70 for paint, as necessary labor was furnished by the City of Cumberland.

The nursing staff, he added, cooperated in a clean up drive and the job is to be completed with improved lighting.

County Gets \$39,000
Of Property Taxes

In the first two days since the receipt of county and state real estate tax bills, District 1 Tax Collector J. Wallace Close at the Allegany County Court House has collected nearly \$39,000 in taxes.

About \$12,000 was collected Monday, the day the mail carriers delivered the bills. Another \$27,000 was paid yesterday. June is always the best month for payment of county taxes because a five per cent discount is allowed for June payments. In July the discount is four per cent and in August three per cent.

ANOTHER FIRST FROM ESSO RESEARCH

ATOMIC RESEARCH CREATES
A NEW KIND OF GASOLINE!

How the science of atoms solved a problem:

One of the most important applications of industrial atomic research to date is the creation of a completely new premium gasoline, New Formula Esso Extra. For the first time, atomic science was used to identify the elements in gasoline which form injurious deposits in your engine. Next, brand-new refining procedures were used which remove these components during the refining process. This made possible an entirely new kind of premium gasoline—another first from Esso Research!*

How this benefits your car—your pocketbook:

Under all around driving conditions, you'll find New Formula Esso Extra outperforms other premiums costing 1¢ and 2¢ more per gallon! It is the cleanest premium you can buy. It actually reduces deposits left in your engine, gives more mileage per dollar, and better performance over the whole wide range of gasoline values. We believe that New Formula Esso Extra will change your ideas about premium gasoline performance. Try it soon for "Happy Motoring"!

Mrs. Roeder Leads Local Candidates

(Unofficial results by polling places shown on Page 11.)

Over half of Cumberland's eligible voters went to the polls yesterday's primary election and selected eight candidates from a field of 16 for City Council in the general election two weeks from now.

Staging an astounding return to city politics, Mrs. Roeder led the ticket with 3,565 votes—receiving the support of 58 per cent of the 6,182 citizens who cast their ballots yesterday.

Next in line was John J. Long, incumbent finance commissioner with 2,891, who is seeking his fourth consecutive term.

Six Others Named

The other six who will be on the ballot in the general election Tuesday, June 17, in the order in which they placed, are:

George H. Tedrick, William V. Keegan, Philmore F. Fleming, G. Ray Light, William H. Buchholz, and Keith T. Sisk.

Mrs. Roeder, the first woman to be elected to the City Council, was top vote getter in 13 of the city's 15 polling places. In the other two she placed second to Long, by 19 votes in one and by two votes in another.

Long placed second in ten polling places and was no lower than third in any other.

Tedrick, water commissioner from 1950-52 who was defeated in his bid for re-election in 1952, made a strong showing as he received a total of 1,962.

Two Are Close

Running closely together in the fourth and fifth spots were William V. Keegan, incumbent police and fire commissioner with 1,706, and Philmore F. Fleming, a political newcomer with 21 votes less, 1,685.

In sixth place, with 1,246 votes was another newcomer to city politics, G. Ray Light.

Incumbent Street Commissioner William H. Buchholz finished seventh with 1,216 while Keith T. Sisk was eighth with 1,121 votes.

The eight candidates eliminated in the order they ran, are:

Harry E. Shobe, 1,080; Lee Marple, 1,043; Glenn K. Davis, 857; Harold K. Ritter, 772; Charles B. Hornbork, 712; Lonnie I. Jackson, 593; Cecil C. Clark, 448, and Melvin G. Cline Sr., 293.

Mrs. Roeder entered politics in 1950 and was elected to council and given what is considered one of the toughest assignments—street commissioner.

Ran For Mayor

After two years as commissioner in charge of the City Street Department, she was returned to office by the voters in 1952.

But in 1954, she sought the mayoralty and did run ahead of Mayor Roy W. Eves in the primary, 3,297 to 3,177, but lost to him in the general election, 4,408 to 5,112.

In looking at the primary election results in 1954, Keegan led the ticket with 3,836 votes followed by Buchholz with 3,336; William J. Edwards, 3,230; Long, 2,890 (just one less than he received yesterday); Tedrick, 2,136, and Sisk, 1,785.

In the general election in 1954, Keegan was first with 5,241; followed by Edwards with 5,168; Buchholz, 5,046; Long, 4,136; Tedrick, 3,935, and Sisk, 2,911.

52.4 Per Cent Voted

Yesterday's election saw 52.4 per cent of the city's 11,811 eligible voters going to the polls.

It was the first time voting machines were used in a city election, and by 8:10 p. m. all the returns were in. By 8:15 p. m. the results were known.

In the days of the paper ballot, it was often the next day before the totals were available. Wallace G. Ullery, city clerk, said the Board of Election Supervisors of Allegany County, which conducted the election, will make the official canvass of the machines tomorrow at the Court House.

County Taxpayers

Rush To Pay Bills

The Allegany County tax collector's office only sent out tax bills over the week, but today there was a long line of taxpayers at the Court House waiting to pay their bills.

There is a five per cent discount on county tax bills paid during June. Approximately \$2 million will be collected by the county this year.

COLLECTION DAY TOMORROW

NLRB Ballot Sought For Local Store

Pickets Removed At Montgomery Ward Establishment Here

Pickets have been withdrawn by Local 886, Retail Clerks Union, AFL-CIO, from the Montgomery Ward Store on Baltimore Street.

Norman L. Tyrie, international representative of the union, said the pickets were ordered from in front of the store after notice was received from national headquarters that a settlement of the dispute with the Montgomery Ward firm had been reached. Pickets were placed at the store about four months ago as part of the national campaign of the Retail Clerks Union.

The employees at the local store were not on strike and were not members of the union at the time, according to store officials here.

Tyrie said that the local union has filed a petition with the National Labor Relations Board for a representative election among the employees to choose a bargaining agent. He said this vote will probably be taken at an NLRB election within several weeks.

Last week the Teamsters Union and the AFL-CIO Retail Clerks combined to reach a settlement with the Montgomery Ward chain in negotiations held in Chicago. James R. Hoffa, president of the Teamsters, effected the settlement along with the leaders of the Retail Clerks Union.

Man Sentenced To Year's Term

Donald Douglas Milks, 21, of Buffalo, N. Y., was sentenced to a year in Circuit Court by Chief Judge Morgan C. Harris to one year in the Maryland House of Correction on a charge of robbery.

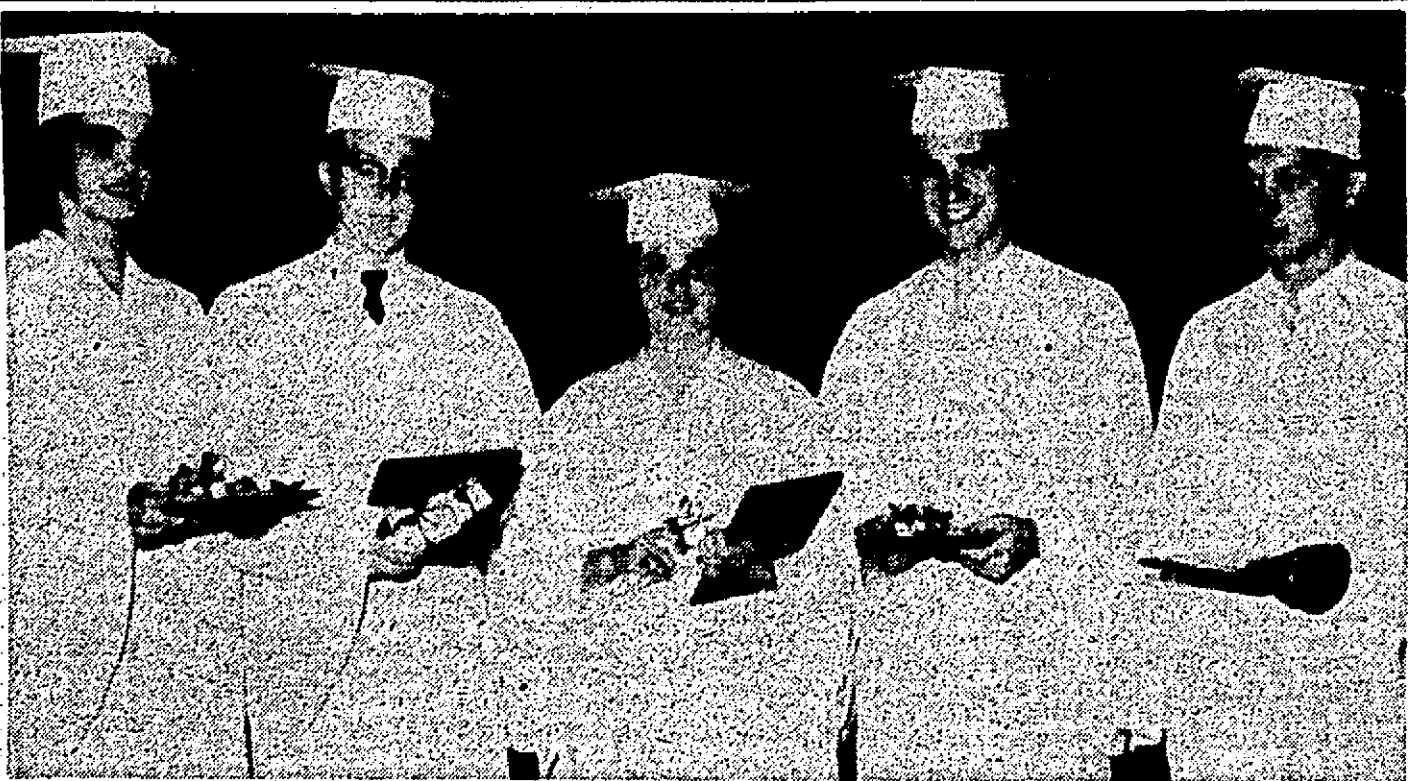

Milks, who has been held under \$1,000 bond in the county jail, was charged with robbing Mason's Jug Store, 239 Williams Street, of \$105 on November 17, 1956. He took the money from Mrs. Marie Imes, an employee at the store.

Milks was defended by Jack I. Mullin, local attorney appointed by the court as his counsel. Donald W. Mason, assistant state's attorney, presented the state's case and Edwin R. Lilya, county investigator, told the court of the facts in the case.

A surface treatment or bottom course on five miles of U. S. 33 north from Judy Gap will be done for \$16,172.

Four Injured In Accidents

Two highway accidents were reported in the Cumberland area this morning.

The most serious occurred on U. S. Route 50 at Cooper's Mountain in Hampshire County, W. Va. The second occurred two miles east of Everett, Pa.

In the West Virginia mishap Miss Virginia Gerard, 32, was admitted to Winchester Memorial Hospital. She is reported in "fair" condition.

West Virginia State Police, who investigated, said a car driven by Lloyd Otis Shears, 27, was traveling east on the highway when a tire blew.

Shears lost control of the vehicle on a sharp curve, struck an embankment, crossed the highway and rammed into a sandstone bank.

Shears, his wife, Mrs. Shirley May Shears, and Miss Gerard were all thrown onto the highway from the car. Mr. and Mrs. Shears sustained only minor injuries, police said.

Pennsylvania State Police at Bedford said their accident occurred when a car and truck collided on a secondary road near Everett.

Miss Sarah Jane Gordon, 20, of RD 3, Everett, who was operating the car, sustained only minor injuries. The truck driver, James T. Fisher, 41, of RD 2, Bedford, was not injured.

Settlement Reached In Suit

A damage suit brought by the parents of Richard H. Beeman, 535 Fayette Street, against Charles L. McBride, Collins GMC Truck Company and Carl McIntyre, trading as McIntyre's Market, has been settled.

Papers in the case were filed in Circuit Court today. Cecil E. and Eva A. Beeman, parents of the child, docketed the suit and asked \$2,500 damages for injuries suffered by their son when he was struck by a truck driven by McBride.

The declaration, filed by Hugh A. McMullen, attorney for the couple, said the child was using a sleigh on February 18 on Essex Place when the truck driven by McBride struck him. The truck driver was employed by the market and the vehicle was the property of the Collins firm, according to the declaration.

William Walsh was counsel for the defendants. The suit was settled for \$1,235.82 and papers noting this were filed in court.

The same sources said Isaac Love, a merchant of Lonaconing, will be appointed to the post, to be vacated by Beall. This appointment is expected to be made at next Tuesday's session of the Allegany County Board of Commissioners.

The Civil Service post is a non-paying one. The other two members of the board are Woodward Pealer, city, and William L. Wilson, also of Cumberland.

Beall Plans To Leave Job On Local Unit

J. Glenn Beall Jr., of Frostburg, will resign as a member of the Allegany County Civil Service Board effective next week, according to reliable sources.

Beall, according to the sources, is giving up membership on the board because he was named chairman of the Allegany County Republican Committee recently. He does not feel he should hold both positions simultaneously, it was reported.

The same sources said Isaac Love, a merchant of Lonaconing, will be appointed to the post, to be vacated by Beall. This appointment is expected to be made at next Tuesday's session of the Allegany County Board of Commissioners.

The Civil Service post is a non-paying one. The other two members of the board are Woodward Pealer, city, and William L. Wilson, also of Cumberland.

Beall was named to head the GOP County Committee this week after James S. Getty, state's attorney, resigned. Getty gave the same reason as Beall in that he did not feel it was proper to hold both positions at once.

Jobless Pay Extension Plan Urged

18,000 Exhaust Benefits In State Since Last October

BALTIMORE (AP)—The Maryland Legislative Council was told today that more than 18,000 workers have exhausted their jobless pay benefits since October.

The exact figure, 18,473, was given by a labor leader who asked the council's Judiciary Committee to approve extension of the benefits.

Charles A. Della, representative of the AFL-CIO, said his union favors the temporary extension of the benefit period from 26 to 39 weeks as provided in legislation awaiting President Eisenhower's signature.

But he and other labor leaders told the committee they believe a permanent extension of benefits would be a more definite solution to unemployment problems.

Della said a 13-week extension of benefits would throw \$7,531,072 into the consumer market almost immediately. That is the amount which would be collected by the 18,473 who have exhausted benefits.

Under the act sent to the President by Congress, the government would lend states enough money to extend the benefit period by 50 per cent.

The states would repay the loan over a four-year period. One employment picture presented to the committee was by John G. Thomas, president of the Textile Workers Union in the Cumberland area.

He said some of the unemployed have little or no hope of regaining their jobs because of technological changes.

Presbyterian Group Plans Daily School

A daily vacation Bible school of First Presbyterian Church will open June 16 and continue for two weeks.

Mrs. J. Wallace Close will be in charge of the school and will be assisted by Mrs. Ralph Wilson and Mrs. Robert Kuykendall. Each department has held a workshop program in preparation for the school.

Transportation will be provided with Robert Williams, W. M. Wilson and Robert Hollingsworth in charge. Mrs. Ralph Wilson is the registration committee chairman. The refreshment committee consists of Mrs. Fred Hutcheson, Mrs. Bertis Liller, and Mrs. William Harrison. Music will be under the direction of Mr. and Mrs. Herman Smith.

Crafts will be taught by Mrs. Richard Groves, Miss Sharon Growden, Mrs. Harry Mills Jr., Mrs. Robert E. Pence, Mrs. John Robinson, Linda Belt and Karen Kirby.

The nursery department will use as its theme, "God's Big World." Teachers will be Mrs. William Holt, superintendent; Mrs. Paul Ghost, Mrs. Millard Bolyard, Miss Diane Wendt, and Miss Pamela Cornelius.

The theme of the kindergarten will be "Jesus By The Sea" and will have the following teachers, Mrs. J. C. Dowell, superintendent; Mrs. Preston Fix, Mrs. Donald Browne, Mrs. Blaino Gallimore, Mrs. Thomas Walker, Mrs. Max Humbert and Miss Sharon Growden.

The primary department will have the theme "Bible Ship Stories" with the following teachers, Mrs. Ernest White, superintendent; Mrs. E. W. Humbertson, Mrs. W. A. Britt, Mrs. John Rafter, Mrs

Helen Hoover Top Graduate At Oldtown

OLDTOWN — Helen Hoover received four of ten awards presented last night at the 33rd annual commencement exercises of Oldtown High School in the school auditorium.

Principal Joseph H. Pelleri presented Miss Hoover the award as class valedictorian, the home economics prize, the award of the National Society of the Daughters of the American Revolution and the scholastic award.

Janet Hahn, Wayne Fleegle, James Deffenbaugh and Faye Markwood also were recipients of two awards. Miss Hahn obtained the citizenship award for the senior girl and the homemakers' award for proficiency in home arts, Fleegle, an outstanding senior athlete, received the sportsmanship award. He also is the winner of the student-scholastic award for having participated in at least two major varsity sports during his junior and senior years, and with the highest scholastic average among the participants.

Deffenbaugh won the faculty award for outstanding service in stage work and visual education program, and an activity award for helping to promote school program. Miss Markwood was the recipient of the Betty Crocker medal for home arts ability and the commercial award as the senior having the highest average in two years of commercial work.

Other award winners were Richard Arnold, highest average in U. S. history; Betty Gordon, outstanding moral courage; Joseph Taccino, science and Shirley Turley; DAR award for an essay written on good citizenship. The address to the graduates was given by Dr. Thomas R. Miller, president of Edinboro (Pa.) State Teachers College. He spoke on "Tomorrow is Another Day." Richard T. Rizer, assistant superintendent of schools of Allegany County, introduced Dr. Miller.

Kenneth R. Malcolm, president of the Board of Education, presented the diplomas. Rev. Harvey L. Williams of Evangelical United Brethren Church, Ellerslie, gave the invocation and benediction. The Senior Chorus and Senior Girls Octette under the direction of M. Bing Elliott, instructor, presented several musical renditions. Miss Mabel Myers, at the organ, played the processional march and the recessional.

Keyser Vote Returns Two Incumbents

KEYSER — Balloting was extremely light in Keyser's city election yesterday when voters returned two incumbents; Lester H. Oates and Paul D. Peters, to two-year council terms.

The unsuccessful candidate in the three-man race was Richard C. Herndon, former councilman, who polled 178 votes compared to 319 for Oates and 302 for Peters. The vote count follows: Precinct 1—Oates 149, Herndon 60, Peters 148; Precinct 2—Oates 110, Herndon 84, Peters 93; Precinct 3—Oates 60, Herndon 23, Peters 61.

Mayor Richard E. Romig and Councilman Raymond Murray, who were elected last June, have one more year of their current terms to serve.

Mineral County Chapter of the West Virginia Republican Women's Clubs will meet today at 7:30 p. m. at the American Legion Home here. Installation of officers for the coming year will be held with Mrs. Haven O. Sions, past president, in charge of the program.

Mrs. Harold J. Snyder, serving as delegate from the local club, is in Charleston attending the regional conference of the Federal Republican Women's Clubs, along with representatives from 11 states and Puerto Rico.

Parsons Voters Elect New Mayor, Incumbent Council

PARSONS — About 50 per cent of the eligible voters in Parsons, Kan., went to the polls yesterday and defeated their incumbent mayor but returned four incumbent councilmen to office for two-year terms.

Ernest J. Miller, a long-time resident but a newcomer to the political scene, polled 300 votes to defeat Mayor John Kenney, who polled 208. The newly elected mayor has been employed for a number of years by the Dorman Mills in Parsons. The defeated mayor, who served six terms in the office, recently retired from employment at the local leather industry.

Two councilmen are elected from each of three wards, and the election is conducted so that each candidate opposes a specific other candidate.

In Ward 1 Willard Wilson, incumbent, polled 102 votes to defeat his opponent Dewey Wilfong who polled 100. Forrest Armstrong polled 104 to defeat his opponent Lorren Lambert, 99. Both these candidates are newcomers.

In Ward 2, Ona Hovatter, incumbent, polled 102 votes to defeat his opponent Dewey Wilfong who polled 100. Forrest Armstrong polled 104 to defeat his opponent Lorren Lambert, 99. Both these candidates are newcomers.

SHANNON'S
E. MAIN FROSTBURG

Last winter at Hialeah a tinge of politics crept into racing when a trainer named Nixon hired a jockey named Truman to ride his horse. Needless to say, the result of the race did not clarify any future elections.

It did, however, bring to mind the Shakespearean quote, "What's in a name?", and the tendency of some race-goers to make their selections according to their "reading habits or hobbies." For those who have this penchant the Thoroughbred Racing Association has gathered a list of jockeys names which might "help" those interested.

For those who favor United States presidents there are: William McKinley Cook, Grant, Harding, Adams, Harrison, Hoover, Jackson, Johnson, Pierce, Taylor, and Wilson besides the aforementioned Truman.

Students of literature, especially the members of the Baker Street Irregulars, the Sherlock Holmes aficionados, could have a field day wagering on jockeys named Baker, Sherlock, Holmes, Watson and even one named Doyle. Readers of mystery stories also have a chance with a namesake of Edgar Wallace. And to add to the confusion there are riders named Charles Dickens and Robert Louis Stevenson.

The Civil War has long been a subject explored by hobbyists. Racing gives them an assist with two famous horsemen, Sherman and Sheridan. There is also a Beauregard.

Automobile buffs can satisfy their urge by backing Henry Ford, Hudson and Dodge. Students of geography might be swayed by Germany and Holland.

Those affected by the colors of the jockey's silks might find a clue in riders named White, Black, Gray, Green and Brown. The sportswriting field has contributed a few names. There is a Runyon and a Palmer. The name of Wilbur Wood, a prominent New York sports columnist, has been perpetuated by a rider of the same name. There are no more than four Parkers, but no more than 13 Smiths but many a Red. But there is a Bill Slomcum in racing as well as in reporting.

Bible students may find solace in a St. John or in a Church. The Biblical town of Nazareth is recalled by a jockey of the same name. And how about a Gabriel to blow the top parade bugle? Sports figures have representation in Dale Long, the same name carried by a first baseman. Jerry Lee Ruth, the jockey, is obviously nicknamed Babe. There are numerous Jones' but only one Bobby Jones. Even Jim Fitzsimmons, the trainer, has a namesake.

If the inclination is for bridge-playing fans have an opportunity to play the Culbertson system with a jockey by that name.

The broad field of entertainment is well represented. The motion picture industry lent the name of James Mason, television provided a Bilko, this one a trainer. A good jazz combo could be organized with five Armstrongs, a Calloway, a Venuiti and a Teagarden. Serious music is represented by Chopin, not Frederick, but of all things, Elmer. The legitimate stage provided a Pat O'Brien.

Ornithologists may wager on a jockey named Bird, also on a Crow. Ichthyologists have an outlet with a Bass and a Pike. Science, too, is not forgotten with Albert Schweizer, give or take a letter.

For those who have no particular bent a name like Crank might prove intriguing. And no one can safely say, "Loan me five, I left my money on the bureau," because there is a jockey named Bureau. And watch your pronunciation when you say, "I blew a bet on Jockey Slinker."

Racing officials are also represented by a rider named James Stewart which is also the name of the president of the Thoroughbred Racing Association.

But maybe it's best to put your money on a jockey named Joe. Wilbert Joe, that is. Or, better yet, you can always go for the Chalk—Jockey Jean Chalk.

From Joy to Gloom

He touched it, he didn't: it's a bases-loaded homer, no, it's the third out.

This was the state of confusion on which yesterday evening's Rocking Chair League softball game ended at Penn Avenue Field.

In a matter of seconds wide grins of Knights of Columbus players were turned into even wilder jeers, scowls, and unbelieving looks. The same was true conversely for players representing Veterans of Foreign Wars.

The wild finish resulted when (Continued on Page 16)

Braves Cop Lead With Lethal Homer Weapon

Covington, Aaron Belt Pair In Win Over Giants

By United Press International
The homer-hitting which carried them to the world championship last season still is the Milwaukee Braves' most formidable weapon.

The Braves have been having their troubles this year with World Series hero Lew Burdette wobbly and 10-game winner Bob Buhl sidelined. But they still swing the "big stick" and that's why they're back in first place today after a 7-6 victory over the San Francisco Giants.

Hank Aaron and Wes Covington did the "bumping" last night with two homers each and Felix Mantilla also contributed one to offset another poor showing by Burdette. The victory went to Don McMahon, the 200-pound reliever from Brooklyn, who has scored five of the Braves' last nine wins.

Giants' Rally Falls Short
McMahon, however, needed help when the Giants staged a last-ditch ninth inning rally on a triple by Willie Mays and singles by Orlando Cepeda and Whitey Lockman. Ernie Johnson, who was touched for Lockman's hit, finally got out of the jam by retiring pinch-hitter Bob Schmidt and Valmy Thomas.

The victory eased the Braves into first place by a mere 10 points—in sharp contrast to the New York Yankees who opened up an 8½-game bulge by crushing the Chicago White Sox, 13-0, while the Washington Senators swept the second-place Kansas City Athletics, 5-4 and 10-9.

The St. Louis Cardinals beat the Pittsburgh Pirates, 8-4, the Cincinnati Redlegs whipped the Los Angeles Dodgers, 8-3, and the Chicago Cubs topped the Philadelphia Phillies, 12-4, in the other NL games. In the AL, the Baltimore Orioles beat the Detroit Tigers, 2-0, and the Boston Red Sox downed the Cleveland Indians, 7-3.

Johnny Kucks yielded only two hits, both singles by Billy Goodman, to win his fourth game for the Yankees behind a 13-hit attack. Mickey Mantle got the Yankees off winging with a three-run first-inning homer and Yogi Berra and Bill Skowron also hit homers. It was the third straight shutout for the White Sox, who haven't scored in 30 straight innings. The AL record for such futility is 49 innings.

Hyde Saves Both
Relief pitcher Dick Hyde "saved" both games for the Senators, who swept their second doubleheader in five days and jumped from seventh place into a tie for third. Roy Sievers' ninth homer provided the Senators with their winning margin, in the opener. In the nightcap, third baseman Herb Pless' atoned for four errors with a two-run double in the midst of the Senators' eighth-inning four-run rally.

Larry Jackson, aided by four double plays, won his fourth game for the Cardinals, who connected for 11 hits including homers by Stan Musial and Joe Cunningham. Bob Skinner and Bill Mazeroski homered for the Pirates who have lost seven of their last 10 games.

The Redlegs scored six runs on one hit and five walks in the third inning and spoiled the Dodgers' homecoming behind the steady five-hit pitching of Brooks Lawrence. Lawrence struck out seven and won his second game despite four Cincinnati errors. Sandy Koufax was the loser. Duke Snider homered for the Dodgers—to left-center field.

Banks Leads Attack
Ernie Banks left the Cubs' 13-hit attack with three singles and a homer to deal Curt Simmons his sixth defeat. Taylor Phillips, acquired from the Braves during the winter, struck out nine for his fourth victory.

Arnold Portocarrero turned in his second shutout and fourth win as the Orioles beat the Tigers for the fifth straight time. Foster Castleman doubled home one Baltimore run in the second inning and Gene Woodling singled home the other in the fifth.

Dick Gernert's homer highlighted a nine-hit Red Sox attack which also included two hits by Ted Williams but it was Murrey Wall's stalwart ninth-inning relief pitching that preserved Tom Brewer's second victory. It was Cleveland's fourth straight loss.

PCC Tottering, Stanford Seen Quitting Setup

SEATTLE (AP)—The Pacific Coast Conference, which has endured attacks from within and without for 43 years, was tottering on the brink of oblivion today.

The Stanford University board of trustees probably will administer the coup de grace to the PCC when the board meets at Stanford June 19.

At that time the board will undoubtedly be asked to permit Stanford to jump the PCC and line up with Washington, California, UCLA and Southern California in a new "Big Five" athletic association.

The only remaining members of the PCC, as of July 1, 1959, would be Washington State, Idaho, Oregon State and Oregon.

MUSIAL HOT STOVE PELLETS—Stan Musial, one of baseball's all-time hitting greats, found time to do some autographing for Cumberland's Hot Stove Baseball League during the St. Louis Cardinals' last visit to Pittsburgh. Musial, along with Ted Kluszewski, Pittsburgh's slugging first baseman, signed 15 balls,

most of which will be awarded as prizes in the local league for youngsters. Watching while Musial signs one of the pebe-roids are (left to right) Bob Martin, local pharmacist; George Flynn, president of the Hot Stove League, and Floyd (Sammy) Cozad, veteran local radio man. Ling Protests Dallas Open Withdrawals

DALLAS (AP)—Promoter Jim Ling of the \$25,000 Dallas Open snouldered today over so many top golfers skipping his tournament but he still maintained that he would have one of the best fields of the year when the 72-hole grind starts Thursday.

Ling fired a protest to the PGA Tuesday when he learned that Masters champion Arnold Palmer, Bill Casper, Paul Harney and Jay Hebert had joined the growing list of players who won't be here because they reportedly want to practice at Tulsa for the National Open. He didn't expect to get anywhere with the protest since the four were not in the official tournament list.

Ben Hogan previously had passed up the tournament to practice at Tulsa. National Open champion Dick Mayer and National PGA champion Lionel Hebert can't make it because of National Golf Day. Several of the minor lights are staying out because of the travel involved and because of the injuries, etc.

But Sam Snead, a major attraction for any tournament, and Ken Venturi, the brilliant young man from San Francisco who has won more tournaments this year than anybody—three, are in the field. So are Doug Ford, Ed Oliver, Billy Maxwell, Roberto de Vicenzo, Dow Finsterwald, Mike Souchak, Tommy Bolt, Chick Herbert, Cary Middlecoff, Gene Littler, Fred Hawkins, Gary Player, Howie Johnson, George Bayer, Ernie Vessler, Doug Sanders, Julius Boros and Don January.

City Loop Opens Season Today

The City Softball League, which has its opening games rained out last week, will make a second attempt at launching the season today with four clubs listed for action.

Playoff-champion Hermans will tangle with runnerup Knights of Columbus on the East Side diamond while Old Exports clash with Chaney's Transportation at Penn Avenue. Both games are to start at 6:15.

The Hermans and Caseys finished in a tie for the season honors last summer with Hermans taking the finals in two straight games. Hermans eliminated Old Exports in the semi-finals and the Caseys won over Old Germans.

Chaney's has replaced Blue Ribbon Bakery this season while Old Germans' place was taken by Sports Shoppe. The Shoppers are idle today.

Ruth Wood Victor In Flag Tourney

Ruth Wood won the Ladies Day flag tournament and Anna Cook made the longest drive on No. 5 yesterday at the Maplehurst Country Club as 22 members participated in the event staged by the Women's Golf Association.

First-round matches in the spring handicap tourney were: Dolly Dean beat Nadine Anthony, Ruth Wood beat Diddy Sheeman, Melva Via won by default over Martha Jane Cook, Gwen King beat Marie Mateos, Marie Miller beat Betty Groves, Helen Shyrook beat Mildred Spates, Nellie Hilton beat Mary Pinto, Ethel Adams beat Jean Gracie, Anna Cook beat Mary Cook, Rocky Hughes won by default from Billy Zellers, Hilz Frances beat Mary Reidler and Hines Hanna won by default from Mae Hartman.

Season Opens Monday Hot Stove Booster Tilt On Tap Friday

Everything is in readiness for the opening of the Hot Stove League (boys from 13 to 15) baseball season, president George Flynn announced today.

The campaign will get under way next Monday but the pre-season booster game is set for Friday evening, starting at 7 o'clock, at Penn Avenue Field.

There are two Optimist Club representatives in the eight-team league, the Bedford Road organization replacing Exchange Club. The rest of the clubs are hold-overs—BPO Elks, Lions, Rotary, Kiwanis, B'nai B'rith, Cumberland Optimists and Jaycees. The Elks won the pennant last year but Rotary Club copped the playoff.

The lineup for the booster game will have Elks opposing Rotary, B'nai B'rith meeting Kiwanis, Jaycees tangle with Lions and the two Optimist teams winding up the contest. The clubs will all play three innings.

Other officers of the league this year are Earl Nonnenmann, vice president, and Frank Hinze, secretary-treasurer. The three officers, along with John J. Long, Fred Mills Sr., "Bobby" Cavanaugh, Gene Mason, Lonnie Jackson and Howard "Farmer" Northcraft, comprise the executive board.

An anonymous three-man committee will rule on protests. President Flynn recently returned from Pittsburgh with 15 baseballs autographed by Stan Musial and Ten Kluszewski for the Hot Stove League. Flynn said the leading Hot Stove hitter of 1958, as well as the top home-run hitter, will each get one of the souvenirs, with the others to be awarded for achievements regarded as outstanding.

Managers of the league will meet prior to Friday's booster game at Penn Avenue Field. The (Continued on Page 16)

Barrelville Knots Eagles For Top Slot

Barrelville cracked the five-game win streak of Cresaptown in the Pen-Mar Little League yesterday, 1-0, extended its own string to five and deadlocked the losers for first place in the circuit. Both have won five and lost a pair of starts.

Ellerslie will be out to knot LaVale Maroons for fourth place today when playing winless LaVale Orioles on the latter's diamond in the only game carded. Ellerslie has won two of five games and the Orioles have yet to crack the victory column in six attempts. The game will start at 6 o'clock.

Win In Seventh
Barrelville, defending champion, got its run in the home seventh yesterday when Terry Wendt, Cresaptown catcher, threw the ball into left field when attempting to catch Wilson stealing third base. Wilson came in with the winning marker on the wild toss. He had opened the inning with a single, moved to second when Lorr was hit with a pitch, stole third and then came in on the bad toss.

Miami Insurance Man Upsets British Champ

ST. ANDREWS, Scotland—(AP)—Jack Penrose, a 43-year-old insurance man from Miami, Fla., upset defending champion Reid Jack of Scotland 3 and 2 in the third round of the British Amateur Golf Championship today.

Penrose was the first American player to reach the fourth round after former Walker Cup star Jimmy McHale of Philadelphia and Air Force Pvt. John Frank of Newton, N. J., had lost their third round matches.

Robert Roos Jr., San Francisco department store owner, defeated W. S. Thompson of England 3 and 2 and will meet Penrose in the fourth round this afternoon. McHale, a three-time member of U. S. Walker Cup teams, lost in the third round to R. L. Renfrew of Scotland, 1 up. Ben Hanson of England defeated Frank by the same margin.

A third American went out when Robert B. Williams of England, defeated Brig. Gen. Keith Compton of St. Joseph, Mo., 2 and 1.

All of the other fans saw Washington defeat Kansas City, 5 to 4, but this fellow was ordered from the park by Summers. The trouble allegedly began when the fan, seated near the Athletics' dugout, became abusive and the players complained to Summers. The man would not give his name. (AP Photofax)

33,992 See Orioles Win Over Tigers

BALTIMORE (AP)—A crowd of 33,992 saw the Baltimore Orioles blank their favorite foe, the Detroit Tigers, 2-0 at Memorial Stadium last night.

The big crowd was on hand at the annual Inter-Faith Night game, and besides seeing the hometown win, they watched marching bands, a parade, a silver blimp, a balloon and a fireworks barrage.

The Tigers have become just about the only American League club the Orioles can master. At Detroit last month, Baltimore swept a two-game series. The Orioles also overwhelmed the Tigers the last time the two teams clashed in Baltimore.

Baltimore and Detroit meet in the second game of the series tonight, with Connie Johnson (1-4) starting for the Orioles against Frank Lary (5-4).

Arold Portocarrero, Baltimore's winning pitcher these days, hurled a six-hitter to gain his fourth win against two losses. He also struck out four and walked none while extending his string of scoreless innings to 18.

The only Tiger to get two hits off Portocarrero was Harvey Kuenn. Jim Bunning started for Detroit and picked up his fifth loss. He has won twice.

The Orioles picked up ten hits off the Tigers, led by Foster Castelman's second-inning double and a bases-loaded single by Gene Woodling in the fifth.

Jackpot Homer Nullified, Sheetz' Dream Backfires

A batter's dream—a home run with the bases loaded to win the game—turned into a nightmare for veteran softball pitcher Allan Sheetz yesterday evening at Penn Avenue Field.

Sheetz, who sat out most of the 1957 campaign, will never forget his debut with Knights of Columbus in the Rocking Chair League. Neither will his teammates, members of the opposing Veterans of Foreign Wars club and the fans who witnessed yesterday's contest.

Elks	3	3	.500
Pittsburgh Plate	2	3	.400
K. of C.	2	4	.333
Celadone	0	5	.000

Sheetz and the Caseys went into the top of the seventh inning trailing by a 4-0 count, but the Knights pushed over one run, then loaded the bases with two outs to set the stage for one of the most heartbreaking defeats any team ever suffered.

Always regarded as a hard-hitting pitcher, Sheetz smacked Charley Day's first pitch into the hole in right-center between Vern Penner and Bub Porter. The ball had home run written all over it as soon as it left the bat and not even the speedy Penner could do anything about flagging it down. By the time Vern retrieved the ball against the distant barrier, Sheetz was across the plate with what appeared to be a grand-slammer.

Colen Kennel, in relief, got the win while Robinson, also in relief, was tagged with the setback. Both teams were able to get only two hits in the closely-played battle. Steve Vandenberg, Eagles' starter, fanned 12 while Don Engle, who started for Barrelville, whiffed 14.

Tri-State Memorial moved within a game of first by handing LaVale Maroons a 6-2 setback at LaVale.

John Wright held the losers to four hits and notched his fourth victory. Jay Miller socked a homer and double and Billy Calvert drove home a pair of runs with a single for Tri-State. Toby Scaletta had a two-bagger as the Maroons lost their third game in six tries.

Track Greats To Take Part In Texas Meet of Champions

HOUSTON, Tex. (AP)—A galaxy of track stars featuring Glenn Davis, the world record equaler in the 440-yard dash, and the Bobby Morrow-powered sprint combinations of Abilene Christian College will line up Saturday in the annual Meet of Champions.

Athletes from six major conferences and 28 states are entered in the meet, sponsored by the University of Houston.

The Abilene Christian 440-yard relay team that bettered the world's record with 39.7 at the California Relays Saturday faces strong opposition from the University of Houston, which will bring three brilliant freshmen up to the varsity and run as the Houston Track and Field Club.

Morrow did 9.4 at Modesto in returning to the form that made him 1956 sprint champion of the Olympic Games. He is entered in both the 100 and 220.

Tapping

(Continued from Page 16)

pitcher Al Sheetz whacked a high line shot between right and center for what looked like a sure K of C homer with the sacks loaded. In fact, it was recorded in the scoreboard as just that until the Vets protested he had missed first base.

When the ball was returned to first, umpire Vic Reynolds flashed the safe sign, indicating that Sheetz had touched the bag en route to his dramatic dash for home. Then the Vets asked Reynolds to appeal to plate umpire Bill Andrews and the latter said he missed the base, prompting Reynolds to change his decision.

This brought violent opposition from the Caseys who protested that the call at first belonged to Reynolds and that even though the base ump had every right to appeal to the other arbiter, it was impossible for Andrews to be watching third, home and first at the same time.

Andrews countered with the remark that the Casey runners on second and third held up to watch the flight of the ball and therefore he was able to see action at all of the bases.

With two outs and three runs behind, no base runner halts to watch the ball, claimed the Caseys. "But they did," said Andrews—and he won.

While the argument was raging, Sheetz said he was sure he hit the bag. So did several fans in the vicinity of first base. A few other fans, however, said they thought he missed it.

But the most important thing was that one of the two umpires said Sheetz missed it—and his opinion was the one that counted.

Maple Inn 5 4 .556
Kennell's Mill 4 5 .444
Hyndman 3 6 .333
Homewood Tavern 1 8 .111

The County Softball League race remained in a tie yesterday as Corriganville's Old Exports and Stringtown chalked up triumphs. Both clubs have won seven of nine games.

The Old Exports, behind the chugging of Art Raygor, edged Maple Inn, Old Germans, 5-4, with a four-run spurge in the sixth on the winners' diamond. Curt Hosselrode hurled Stringtown to a 9-6 decision over Hyndman. Planers on the losers' field.

Kennell's Thumps Tavernmen. Kennell's Mill moved closer to third place with an 18-8 thumping of Homewood Tavern in the other contest.

Art Raygor doubled home the run that tied the game for the Old Exports at 3-3 in the sixth and before the end of the game, Jerry O'Baker uncorked a wild pitch that enabled Don Rose and Joe Raygor to cross the dish with what proved to be the winning runs. The Old Germans tallied their fourth run in the top of the seventh.

Art Raygor slipped his seventh victory as against a pair of losses while O'Baker was tagged with his second defeat in six decisions. John Price had a triple and single. Joe Raygor had a double and single and Art Raygor and Lennie Campbell socked doubles for the Old Exports.

Leroy Morris had a pair of singles and Joe Glass connected for a two-bagger off Raygor.

Sloner Has Five Hits

Stringtown socked 14 hits, including five by Chris Stoner and a triple by "Corky" Jamison in its victory. Willson had a double and two singles and Sam Robertson a triple for the Planers who had 10 safeties.

Kennell's Mill scored in every inning but the fifth to win handily over Homewood Tavern, seven runs coming over in the first and five more in the third.

Bob Gomer and "Hap" Kennell shared six of the winners' 15 hits. Turner and Carter had two hits each for the losers. Paul Stair, the winner, now has a 2-2 log.

Sievers Sets Nats On Fire, Bat Explodes

WASHINGTON (AP) — Roy Sievers is hammering home runs again—and the Washington Senators are winning again.

Since the 31-year-old slugger got back into the lineup as a full time regular May 30, the Senators have won six of seven games—including a Memorial Day sweep over the New York Yankees and another twinbill triumph Tuesday night over Kansas City, 5-4 and 10-9.

During this period Sievers has slammed five home runs, driven in 11 markers and batted at a .345 clip to boost his season's mark to .296.

When Roy left the lineup May 11 because of an injured leg, the Nats were in second place only 2½ games behind the New York Yankees. The team immediately nosedived and lost 13 of 18 contests. When Sievers finally got back into the lineup Washington was in the cellar.

But Manager Cookie Lavagetto told one and all that "the worst is over" when Sievers returned.

"I'm just fortunate I've been catching those pitches solidly," said Sievers. "But what makes it so good is that some of the other fellows are hitting now, too."

In the last seven games, the Nats have tallied 45 runs or an average of more than 6 per contest. They now are tied with Boston for third place.

Bill Burns and Bud Nelson (MW) vs. Buddy Gilles and Ted Durbin (CWA); Gerald Schade and "Spider" Webb (MW) vs. Gene Ullery and Jim Klosterman (CWA); Buck Brant and George Brant (MW) vs. Bar Theis and Jack Klosterman (CWA); Jim Pullion and Harry Thomas (MW) vs. Bill Partlow and Jim Layman (CWA); Morgan Riley and Bob Anderson (MW) vs. Pete McFarland and Kenny Cooper (CWA).

TIMELY AWARD—Jerry Meeks is showing his gold wrist watch to his girl friend Barbara Joyce following graduation ceremonies at Fort Hill High School last night. Meeks, who last week won the James H. Hipsley Memorial Trophy, was considered 'the best all-around senior athlete and named winner of the 18th annual George F. Hazelwood Award at the commencement exercises. Jerry starred in football, basketball and track for the Sentinels.

Major League Summary

WASHINGTON (AP) — Roy Sievers is hammering home runs again—and the Washington Senators are winning again.

Since the 31-year-old slugger got back into the lineup as a full time regular May 30, the Senators have won six of seven games—including a Memorial Day sweep over the New York Yankees and another twinnbill triumph Tuesday night over Kansas City, 5-4 and 0-8.

During this period Sievers has slammed five home runs, driven in 11 markers and batted at a .345 clip to boost his season's mark to .296.

When Roy left the lineup May 1 because of an injured leg, the Nats were in second place only 1 1/2 games behind the New York Yankees. The team immediately reversed and lost 13 of 16 contests. When Sievers finally got back into the lineup Washington was in the cellar.

McINTYRE PACES BARTON'S VICTORY

Joe McIntyre was the whole show yesterday as he hit a grand-slam homer and held Midland to only eight hits in Barton's 12-6 victory to open the three-team Georges Creek Little League at Barton.

Corriganville will be at Midland Friday 6:30 p. m., in the next loop clash.

Barton had 11 safeties, including a pair by "Butch" Snyder, and broke a 5-5 tie in the fourth on a seven-run outburst with McIntyre's sock featuring the rally. Atkinson had two of the losers' bingles.

Hyde Proving Top Reliever

By United Press International
Give Dick Hyde, a little pitcher doing a big job, a major share of the credit for the Washington Senators' surprising showing.

A 5-foot, 11-inch submarine ball pitcher, 29-year-old Hyde is developing into one of the American League's ace relievers. He saved both games of last night's twin-bill doubleheader as the Senators beat the Kansas City A's, 5-4 and 10-9.

Hyde's record is an impressive 3-1 but his value to the club is even greater. All told, he's appeared in 13 games and the Senators have lost only three of them — a pretty fair indication of a sound relief pitcher.

Hyde, a native of Hindsboro, Ill., started out in organized baseball in 1948. He got a brief look with the Senators in 1955 and was brought up again in 1957 after a 15-6 season with Chattanooga.

Last season he had a 4-3 record in 52 games and this season he's showing definite improvement.

Mrs. Whitworth Wins

Mrs. Fuller B. Whitworth won the flag tournament on the 18th hole yesterday staged by the Women's Golf Association at the Cumberland Country Club. Twenty-two members participated.

Orioles Begin All-Star Ticket Sale On Friday

BALTIMORE (AP) — You can begin writing for 1958 All-Star baseball game tickets Friday — at a cost of \$4 per ticket—and you'll be limited to two.

Applicants for the reserved seats also must send 75 cents for handling of each order for the classic, set for July 8 in Memorial Stadium.

The host Baltimore Orioles, in announcing the reserved seat sale Tuesday, said orders postmarked earlier than Friday will be ignored, as will those seeking more than two seats.

The Orioles previously announced that about 20,000 of the 49,728 seats would be available to the general public. Oriole season ticket holders were given priority on another 20,000.

Plans for sale of 3,327 bleacher seats at \$1.50 will be announced later.

For reserved seats send check or money order—no cash—to the "Baltimore Baseball Club, Inc., Agent, P.M. Box 363, Baltimore, 3, Md.

Pirates Sign Carolina Star

BURLINGTON, N. C. (UPI)—Sid Smith, a three-sport athlete at Alexander Wilson High School near Burlington, has signed a contract with the Pittsburgh Pirates at a bonus of more than \$10,000.

Several clubs had been bidding for the 185-pound left-handed hitter who had been a member of All-County teams in football, basketball and baseball. He was assigned to the Salem (Va.) team in the Appalachian League.

Pittsburgh scout George Pratt signed the 18-year-old Smith and indicated he will be trained as a catcher. He had been playing as an outfielder-catcher during his senior year here.

Rookie Ben Swain First Celt To Sign

BOSTON (AP) — Ben Swain, a 6-8 220-pound rookie from Texas Southern, is the first player to sign with the Boston Celtics for the 1958-59 National Basketball Assn. Season.

Boston's No. 1 draft choice, Swain was outstanding in a special workout with the Celtics 10 days ago.

Dear Abby - - -
By Abigail Van Buren

DEAR ABBY: I have a very dear friend who is unhappily married. She is seeing a married man on the q. t. and although I know it's wrong I am the only one she can trust to help her. Her husband drops her off at my house every Friday night, thinking she is spending the evening with me. Then her boyfriend picks her up here. Her boyfriend always gets her back in time for her husband to pick her up promptly at midnight. My own husband says I am as guilty as she is and if I don't wash my hands of this deal he will handle it his own way. Please tell me what to do.

A FRIEND
DEAR FRIEND: I can't give you any better advice than your husband already has. Tell your friend that your husband forbids you to be a party to this affair, period.

DEAR ABBY: Before I

Official Says Reformatory Powder Keg

Cites Beating Of Inmate As Example Of Tension At Spot

HAGERSTOWN (AP) — The Washington County State's attorney today described the overcrowded State Reformatory for Males as a powder keg in danger of explosion.

"State's Atty. Tom Kaylor in a letter to James W. Curran, superintendent of prisons, referred to the May 23 beating of an inmate as an example of tension at the reformatory."

"From what I have been able to learn, this beating was to a large extent a result of the current, intolerable overcrowding of this institution," Kaylor wrote.

"Since I have been State's attorney, every grand jury has commented on and criticized the overcrowded conditions at the reformatory. Instead of improving, the situation grows worse."

"William G. Clark, 18-year-old Baltimore youth, was severely beaten by a group of fellow inmates. Four other Baltimoreans were charged with attacking Clark, who is still in a hospital with brain injuries."

"The accused attackers have been transferred to other institutions until their cases are disposed of, pending outcome of Clark's injuries."

"Kaylor said the staff at the reformatory, located at Breathedsville, near here, is doing an excellent job under very difficult conditions."

"The states attorney pointed out that the reformatory has 558 cells and two dormitories designed to hold 59 men each, or a total of 658."

"Yet, the institution has 1,200 inmates assigned to it and even the basement is being used to house prisoners. This area was intended to serve as a shop."

"This condition makes it 'difficult if not impossible for guards to oversee prisoners,' Kaylor said, and makes for 'a powder keg in imminent danger of explosion.'"

"He suggested that Curran consider transferring some of the young lawbreakers to the Patuxent Institution, where Kaylor said he understands there are a number of empty cells."

"The Patuxent Institution is for psychopathic delinquents, who usually are sentenced to indeterminate terms."

Local Recruiter

Is Transferred

R. P. Johnson, gunner's mate 1C, U. S. Navy, who has been a recruiter at the local office for about two years, is being transferred to Gunner's Mate School at Great Lakes, Ill.

Chief Thomas Scarborough, who is in charge of the office, said Johnson expects to leave Cumberland on July 8.

Corn Planted In West Virginia

CHARLESTON (AP) — West Virginia farmers have planted more than 85 per cent of their corn acreage with early planted fields up to good stands. The Federal-State Crop Reporting Service said today.

In its report for the week ending last Saturday, the service said that wheat and barley have started heading and a number of fields were cut for hay and silage. Prospects continued to be good for both apples and peaches in the commercial areas of the state with growers applying cover sprays. Prospects are not too good in areas where a spray program is not followed, the report said.

These areas have a heavy infestation of tent caterpillars and other insects and diseases.

Church Schedules Vacation School

The vacation Bible school of Wiley Ford Church of the Brethren opened Monday and will continue through Friday, June 13. The school will be conducted at the church each day from 9:30 a. m. until noon for children from three years old to high school age.

The theme of the Bible school will be "O Worship The Lord." Rev. Connell T. Chaney, pastor, said.

Teachers will be Mrs. Hallie Rutledge, Mrs. Corrine Lindsay, Miss Jo Anne Branson, Mrs. Evaline Lloyd, Miss Betty Dixon, Miss Rikki Ross, Mrs. Sally Bennett, Mrs. Goldie Michaels, Miss Helen Wilkins, Mrs. Katherine Mongold, Mrs. Ann Keplinger, Mrs. Juanita Kline, Mrs. Mildred Lambert, Mrs. Esta Malcolm and Mrs. Nellie Miller.

Miss Joyce Wilkins will be secretary for the school as well as pianist while Mrs. Margaret Chaney will serve as dean.

New Dorm Planned

BETHANY, W. Va. (AP) — The Bethany College board of trustees has authorized the construction of a new women's dormitory, designed to house 60 girls and estimated to cost \$215,000, President Perry E. Gresham announced.

State Plans Cigarette Check Soon

Two Packs Legal Limit For Persons Entering Maryland

WASHINGTON (AP) — The revenue men will be patrolling the Maryland-Washington border in a big way come July 1.

But they won't be looking for the usual liquid loot.

Rather, they will be searching for possible cigarette smugglers. Under a new tax law passed last February by the Maryland Legislature, persons who take into Maryland more than two packs of cigarettes from outside the state will be violating the law. If convicted, they could be fined \$1,000, given a year in jail, or both.

The penalties were enacted because the new law calls for a 3-cent-a-pack tax on cigarettes. Walter Kennedy, chief of the Maryland Retail Sales Tax Division, said 25 to 30 men would be given the job of "patrolling" the line to look for violators.

He noted, however, that a loophole would pose some problems of enforcement. The legislators failed to specify the period to which the two-pack limit applied.

Atty. Gen. C. Ferdinand Sybert said the wording was such that it wasn't clear whether the legal limit could be reached in one trip, one week or one lifetime.

Kennedy said his crew would try to be "sensible" about their enforcement duties.

16-Year-Old Youth Given Life Sentence

BALTIMORE (AP) — James Jones, 16-year-old Negro, was sentenced to prison for life yesterday after being convicted of assault with intent to rape a 47-year-old storekeeper.

Judge Michael J. Manley also sentenced Jones to a 20-year concurrent term for robbery.

Births

DAVIDSON — Mr. and Mrs. Garrett, Romney, a daughter last night in Memorial Hospital.

HIGGINS — Mr. and Mrs. Eugene, RD 1, Frostburg, a son this morning in Miners Hospital.

LAMBERT — Mr. and Mrs. DeWight, RD 1, Ridgeley, a daughter last night in Memorial.

RECKLEY — Mr. and Mrs. Howard J., RD 3, Bedford Road, a daughter this morning in Memorial.

WHITEMAN — Mr. and Mrs. John, Westernport, a son this morning in Miners.

Child Dies In Mishap

Hazel Marie Knox, two-year-old daughter of Russell and Florence (Hare) Knox, Swanton, died yesterday in Garrett County Memorial Hospital where she was admitted Monday evening following an accident.

The girl was injured when a piece of timber fell and struck her on the head while she was playing near the barn with a sister.

Dr. James H. Feaster, Garrett County deputy medical examiner, ruled the little girl's death was accidental due to crushed skull.

Also surviving besides her parents, are three sisters, Mary Catherine, Bertha and Betty, all at home, and maternal grandmother, Mrs. Bertha Hare, Swanton.

Services will be conducted tomorrow at 2 p. m. at North Glade Methodist Church by Rev. Eugene Matthews and Rev. Leroy Harvey. Burial will be in the church cemetery.

The body is at the residence.

First Japanese ambassador to the United States was Nimi Buzenokami, in 1860.

Cities Given First Awards

NEW YORK (AP) — The cities of Rochester, N. Y. and Worthington, Minn., were given the first world brotherhood awards yesterday for promoting international understanding.

The awards were presented by Philippines Ambassador Carlos P. Romulo in ceremonies at the World Affairs Center of the Carnegie Endowment building.

Among those areas awarded special citations for community-wide international activities was Hagerstown, Md. Accepting the citation was Mayor Winslow F. Burhans.

Rt. 40 Will Be Closed For Parade Tonight

U. S. Route 40 will be closed from the Mt. Savage Road intersection to a point where Vocke Road intersects near the State Police barracks.

The highway will be closed from about 7:30 to 8:30 p. m. while the parade sponsored by the Allegany-Garrett Counties Volunteer Firemen's Association is being held.

Persons who wish to travel westward can use Braddock Road and thence to U. S. Route 40 at the Six Mile House.
